Private Education Loan Preferred Lender List

The following is Corinthian College, Inc.’s (“CCI”) preferred lender list for **private education loans**. Borrowers who are interested in obtaining private education loans may qualify for federal student loans or other assistance under Title IV of the Higher Education Act and should apply for such federal aid before applying for a private education loan. The terms and conditions of loans made, insured, or guaranteed under Title IV of the Higher Education Act typically may be more favorable than the provisions of private education loans.

Private education loans are not subsidized by the federal government. They should be used for education related expenses and should supplement, not replace, federal student loans and federal aid programs. The amount of a private education loan is limited to the cost of attendance less any federal student loans and other federal aid. A student’s eligibility for a private education loan is determined by the lender based on the creditworthiness of the student borrower and/or co-borrower. While we have summarized the features of private education loans offered by our preferred private education loan lenders, for the specific terms and conditions on any private education loan, you should contact the lender.

As a result of current conditions in the credit market, many lenders have ceased making private education loans, or have tightened their credit criteria such that fewer borrowers are qualifying for such loans. The three lenders listed below have expressed a willingness to make private education loans to CCI students who meet their eligibility and credit criteria. In addition, we expect these lenders to provide satisfactory customer service and representatives who can assist borrowers to make informed decisions. The three lenders listed below will work within our processing system and disburse funds to the student’s account quickly using Electronic Funds Transfer. The chart below provides information on features of the private education loans offered by Sallie Mae, MetaBank and Wells Fargo. You are not required to take out a private loan with one of our preferred private education loan lenders and CCI will work with any reputable lender that makes private education loans.
