## PRESIDENT'S MESSAGE

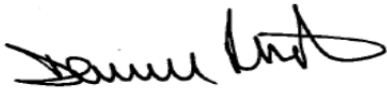

Congratulations for the decision you have made to start career training at Everest Institute!

For decades, Everest Institute has been providing quality education to students seeking careers in the business, medical, and legal professions. Our programs are geared to provide you with the skills necessary to meet the demands of today's fast-paced, competitive, and technological job market.

The faculty of Everest Institute consists of professionals with extensive experience in each specialized field--our instructors practice what they teach. A supportive classroom environment allows for personalized instruction and individual attention. Classrooms house the high-tech equipment, creating a realistic work environment for practical hands-on training. Our curriculum is career-oriented and is enhanced by special projects or internship programs designed to prepare you for work in your chosen field.

Our objective is to offer you the training necessary to realize your career goals. We look forward to making your plan to enter Everest Institute one of the best decisions of your life.

Sincerely,

A handwritten signature in black ink, appearing to read "Darrell Rhoten". The signature is fluid and cursive, with a prominent loop at the end.

Darrell Rhoten, President  
Kendall Campus

## **ABOUT EVEREST INSTITUTE**

### **MISSION**

The mission of the institution is to provide a high-quality educational experience to qualified students delivered through a personalized teaching and learning environment that is designed to support personal and professional career development.

In support of its mission, Everest has adopted the following goals:

- Academics - To provide challenging and relevant accredited programs in a variety of career-oriented disciplines, incorporating effective educational methodologies, modern technology, and traditional and alternative instructional delivery systems, characterized by effective teaching and a student-centered atmosphere.
- Educational Support Services - To provide a variety of programs and services that support its educational goals and purpose, are consistent with student needs, encourage student success, enhance diversity, and improve the quality of life for students.
- Enrollment - To manage the controlled growth of a diverse student body through the use of effective and ethical recruitment and retention methods and initiatives, and to support the quality of educational opportunities for all students, while meeting the school's fiscal needs.
- Business and Finance - To manage and increase resources in accordance with sound business practices, regulatory standards, and applicable laws.
- Physical Resources - To ensure that the physical resources, including buildings and equipment, are adequate to serve the needs of the institution, support its purpose, and contribute to an atmosphere for effective learning.
- Continuous Improvement - To continuously improve the quality of programs and services to meet the needs of its students, communities, and other key stakeholders.

### **SCHOOL HISTORY AND FACILITIES**

In October 1991, National School of Technology acquired Ward Stone College in Kendall, Florida, which had been founded in 1975. The name of Ward Stone College was changed to National School of Technology in December 1996. It was renamed Everest Institute in 2008.

The Kendall campus is located at 9020 SW 137th Avenue, Miami, Florida 33186. The facilities occupy approximately 35,000 sq. ft. and consists of classrooms, medical and computer laboratories and administrative offices. The medical classrooms and labs contain equipment commonly found in the medical environment, such as EKG machines, microscopes, phlebotomy equipment, examining tables, blood cell counters. The microcomputer labs are equipped with computers to allow students to receive hands-on training. The surgical laboratories contain surgical instruments, trays, scrub stations, anatomical mannequins, drapes, etc. for practicing techniques. A student lounge, equipped with vending machines for food, drinks, and snacks as well as a microwave oven, is also available. All students have access to career services and a learning resource center which contains computers with internet capabilities and reference materials for student use.

The campus has additional classroom and administrative space located adjacent to the main building at 9010 S.W. 137<sup>th</sup> Avenue.

Everest Institute, the facilities it occupies and the equipment that is used comply with all federal, state and local ordinances and regulations, including those related to fire safety, building safety and health.

### **LEARNING RESOURCE CENTER**

The library is designed to support the programs offered at the campus. Students and faculty have access to a wide variety of resources such as books, periodicals, computers and on-line resources to support its curriculum. The library is staffed with trained professionals to assist in the research needs of students and faculty, and it is conveniently open to accommodate class schedules.

### **ACCREDITATION, LICENSURE AND APPROVALS**

- Accredited by the Accrediting Council for Independent Colleges and Schools to award diplomas and associate's degrees. The Accrediting Council for Independent Colleges and Schools (ACICS) is listed as a nationally recognized accrediting agency by the United States Department of Education and is recognized by the Council for Higher Education Accreditation. The Accrediting Council for Independent Colleges and Schools is located at 750 First Street, NE, Suite 980, Washington, D.C. 20002-4223; (202) 336-6780
- The Medical Assistant diploma program is accredited by the Accrediting Bureau of Health Education Schools (ABHES), 7777 Leesburg Pike, Suite 314 N, Falls Church, VA 22043, 703.917.9503.
- The Pharmacy Technician program is accredited by the American Society of Health-System Pharmacists, 7272 Wisconsin Avenue, Bethesda, MD 20814, 301.657.3000, [www.ashp.org](http://www.ashp.org).

- The Surgical Technologist program is accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA). Further information can be obtained by contacting the Commission on Accreditation of Allied Health Education Programs, 1361 Park Street, Clearwater, FL 33756, 727.210.2350, 727.210.2354 (fax), [www.caahep.org](http://www.caahep.org)
- Everest Institute, Kendall (License #2666) is licensed by means of accreditation by the Florida Commission for Independent Education. Additional information regarding this institution may be obtained by contacting the Commission at 325 W. Gaines Street, Suite 1414, Tallahassee, FL 32399, toll-free telephone number (888) 224-6684.
- Approved for the training of Veterans and eligible persons under the provisions of Title 38, United States Code.

## MEMBERSHIPS

- This campus is a member of the Florida Association of Postsecondary Schools and Colleges.

Copies of accreditation, approval and membership documentation are available for inspection at the campus. Please contact the Campus President to review this material.

## ADMISSIONS INFORMATION

All admissions materials, including program disclosures and enrollment agreements are presented in English only, since all programs are taught in English. Each admissions representative conducts interviews with prospective enrollees in English only as the method to determine that the prospective enrollee understands and can function in English. We do not make any accommodations to present materials or instruct courses in any other language. Intensive

## REQUIREMENTS AND PROCEDURES

- High school diploma or a recognized equivalent such as the GED is required for admittance. Applicants will be required to sign an “**Attestation Regarding High School Graduation or Equivalency**” indicating they meet the school’s requirements for admission.
- High school seniors who are accepted on a conditional basis must sign an “**Attestation Regarding High School Graduation or Equivalency**” following graduation and prior to starting classes.
- Applicants are informed of their acceptance status shortly after all required information is received and the applicants’ qualifications are reviewed.
- Upon acceptance into the school, applicants who are enrolling will complete an enrollment agreement.
- Students may apply for entry at any time. Students are responsible for meeting the requirements of the catalog in effect at the time of enrollment.
- Re-entry students are subject to all program requirements, policies, and procedures as stated in the school catalog in effect at the time of re-entry. All re-entering students must sign a new enrollment agreement.

## PROGRAM SPECIFIC ADMISSIONS REQUIREMENTS

### CRIMINAL BACKGROUND CHECK

- Students enrolled in certain programs may be subject to a criminal background check prior to enrollment to ensure they are qualified to meet occupational or employment requirements, clinical or internship/externship placement requirements or licensure standards for many programs, including but not limited to those in the allied health or criminal justice fields.
- Enrollment for students may not be granted when the background check identifies a conviction, pending case, or unresolved deferral/diversion for any felonies or misdemeanors.
- A student’s inability to obtain criminal background clearance may prohibit opportunities for program completion and job placement. It is the student’s responsibility to contact the agency to verify conditions. The school cannot contact the background check agency on the student’s behalf.
- All students re-entering a program shall be required to complete a Criminal Background Attestation, attesting that they do not have a criminal background that would preclude them from obtaining licensure, externship or placement in their desired career field.

### **Associate in Science, Applied Management Program**

- Applicants must have successfully completed a diploma or certificate program from an accredited post-secondary institution.

### **Associate in Science, Criminal Justice Program**

- Applicants must pass a criminal background check.

### **Pharmacy Technician Diploma Program**

- Applicants must reach 18 years of age on or prior to the expected date of graduation.
- Students must meet with the Program Director prior to enrolling.
- Applicants must pass a criminal background check and complete a student disclosure form.
- High School graduate or have a GED.

### **Surgical Technologist Program**

- High School graduate or have a GED.
- Achieve a minimum score on the Wonderlic Basic Skills Test of Verbal 270 and Quantitative 270.
- Complete a personal interview with the Surgical Technologist Director or designee.
- Complete and pass a criminal background check.
- Complete and pass a drug screening which shows no evidence of illegal drug usage.

#### **Prior to clinical the following need to be completed:**

- Meet the outlined Essential Skills and Functional Ability Standards and have physical examination clearance by a physician.
- Provide proof of current immunizations as required by clinical affiliates.
- Provide proof of current or complete CPR/Choking training that includes infant, child and adult with AED as required by clinical affiliates (this will be completed in class).

The policies in the Surgical Technologist Handbook will supersede all other Everest policies and procedures as outlined in this catalog.

## **ACADEMIC SKILLS ASSESSMENT**

All students are required to go through the institution's assessment process. Students may be exempt from the assessment test if they provide official composite score of at least 15 on the ACT, a combined score on reading and math of at least 700 on the SAT, or proof of successful completion of a minimum of 36.0 quarter hours or 24.0 semester hours of earned college credit at an accredited postsecondary institution.

## **ABILITY TO BENEFIT GRANDFATHERING POLICY**

Ability to Benefit students who were enrolled in an eligible educational program of study any time before July 1, 2012, may continue to be considered Title IV eligible under either the ATB test or credit hour standards if they meet the following two-part test set forth below:

1. The student attended, or was registered and scheduled to attend, a Title IV eligible program at an eligible institution prior to July 1, 2012; and
2. The student established qualification as an ATB student by documenting one of the two following ATB alternatives:
  - a. Passing an independently administered, Department of Education (DOE) approved ATB test; or
  - b. Successful completion of at least six credit hours, or the equivalent coursework (225 clock hours) that are applicable toward a certificate offered by the school.

**Note:** The number of students enrolled under the Ability to Benefit Provision is limited to only certain diploma programs offered. Please check with your admission representative regarding the programs that accept ATB students. The school reserves the right to reject applicants based on test scores and ability to benefit limitations, or as necessary to comply with any applicable local, state or federal laws, statutes or regulations.

### **Ability to Benefit Passing Test Scores**

ATB students must achieve or exceed the minimum passing scores in all subtests at one administration. Minimum ATB qualifying scores for CPAT, COMPASS, ASSET, CPT/Accuplacer and the Wonderlic Basic Skills Test as defined in the table below.

<b>ATB Test</b>	<b>CPAT</b>	<b>COMPASS</b>	<b>ASSET</b>	<b>CPT/Accuplacer</b>	<b>Wonderlic</b>
<b>Required Passing Scores:</b>	Language: 42 Reading: 43 Numerical: 41	Reading: 62 Writing: 32 Numerical: 25	Reading: 35 Writing: 35 Numerical: 33	Reading: 55 Sentence Skills: 60 Arithmetic: 34	Verbal: 200 Quantitative: 210

Former CCI ATB students re-entering on or after July 1, 2012, under the limited circumstances outlined above will not be required to retake and pass the ATB test if the official score sheet from the test publisher is in the student's academic file.

Students transferring from a non-CCI institution that previously qualified for Title IV eligibility via successfully passing an approved ATB exam at another institution will be required to re-take and pass an approved ATB-exam through CCI subject to Test Publisher's retest policies.

### **Ability to Benefit Advising**

The school will provide academic support services necessary for the success of each student in the ATB program and to ensure that following completion of the program the student is ready for placement. All ATB students shall receive academic and career advising after each grading/evaluation period (i.e. term, module, phase, level, or quarter).

### **ONLINE COURSE REQUIREMENTS**

Online courses are offered at the campus through the Online Division of CCI using the eCollege platform via the Internet. Online courses have the same course objectives and outcomes as courses taught on-ground, although more individual focus and initiative is required to successfully master the material. Online courses are designated on the class schedule so students register during the normal registration period. To maximize success within the online courses, students must have available to them a computer with a system profile that meets or exceeds the following:

#### **Windows Systems**

Windows 7, XP, or Vista  
56K modem or higher  
Sound Card & Speakers  
Firefox, Chrome, or Microsoft Internet Explorer

#### **Mac Systems**

Mac OS X or higher (in classic mode)  
56K modem or higher  
Sound Card & Speakers  
Apple Safari, Chrome, Firefox

In addition, students taking online courses must:

- Check quarterly to make sure they are maintaining the correct systems profile;
- Have Internet access and an established email account;
- Verify email account/address with Online Coordinator at the time of registration each quarter;
- Commence online course work as soon as students have access to the courses;
- Participate in classes and complete learning and graded activities weekly throughout the course.

## **ACADEMIC POLICIES**

### **EVEREST REGULATIONS**

Each student is given the school catalog, which sets forth the policies and regulations under which the institution operates. It is the responsibility of the student to become familiar with these policies and regulations and to comply accordingly. Ignorance of or lack of familiarity with this information does not serve as an excuse for noncompliance or infractions.

Everest reserves the right to change instructors, textbooks, accreditation, schedules, or cancel a course or program for which there is insufficient enrollment. The student will receive a full refund for courses or programs that are cancelled. The school also reserves the right to change course curricula, prerequisites and requirements upon approval by the school's accrediting agency and state licensing board.

### **DEFINITION OF CREDIT**

Everest awards credit in the form of quarter credits. One quarter credit is equivalent to a minimum of 10 class hours of theory or lecture instruction, a minimum of 20 hours of supervised laboratory instruction, or a minimum of 30 hours of externship practice.

### **OUT OF CLASS ASSIGNMENTS**

- Students in degree programs should expect to spend approximately two hours per day, outside of class, completing homework assignments as directed by the instructor.

- Students in diploma programs will be expected to complete assigned homework and other out-of-class assignments in order to successfully meet course objectives as set forth in the course/program syllabi

### **TRANSFER OF CREDIT INTO EVEREST**

Everest has constructed its transfer credit policy to recognize both traditional college credit and non-traditional learning. In general, Everest considers the following criteria when determining if transfer credit should be awarded:

- Accreditation of the institution;
- The comparability of the scope, depth and breadth of the course to be transferred; and
- The applicability of the course to be transferred to the student's desired program. This includes the grade and age of the previously earned credit.
- All official transcripts for coursework taken prior to enrolling should be submitted by the end of the student's first term or the first module completed

If the learning was obtained outside a formal academic setting, through a nationally administered proficiency exam, an IT certificate exam or military training, Everest will evaluate and award transfer credit using professional judgment and the recommendations for credit issued by the American Council on Education (ACE).

### **Academic Time Limits**

The following time limits apply to a course being considered for transfer credit:

- College Core and General Education course – indefinite;
- Major Core course (except health science course – within ten (10) years of completion; and
- Due to certain programmatic accreditation criteria, health science core courses are eligible for transfer within five (5) years of completion.
- Military training, proficiency exams (e.g. DANTES, AP, CLEP, Excelsior, etc.) and IT certificate exams – the same academic time limits as College Core and General Education courses.

### **Required Grades**

For diploma and associate's degree programs, a letter grade of C (70%) or better is required for transfer credit to be awarded.

### **Maximum Transfer Credits Accepted**

Students enrolled in a diploma or associate's degree program must complete at least 25% of the program in residency at the institution awarding the degree or diploma. The remaining 75% of the program may be any combination of transfer credit, national proficiency credit, Everest developed proficiency credit or prior learning credit.

### **Coursework Completed at Foreign Institutions**

All coursework completed at a foreign institution must be evaluated by a member of the National Association of Credential Evaluation Services (NACES). An exception to this may be allowed for students transferring from Canada with prior approval from the Transfer Center.

### **Transfer Credit for Learning Assessment**

Everest accepts appropriate credits transferred from the College Level Examination Program (CLEP), DANTES subject testing, and certain other professional certification examination programs. Contact the campus Academic Dean/Director of Education for the current list of approved exams and minimum scores required for transfer.

### **Transfer Credit for Proficiency Examination**

Undergraduate students may attempt to challenge the requirement to certain selected courses by demonstrating a proficiency level based on special qualifications, skills, or knowledge obtained through work or other experience that is sufficient to warrant the granting of academic credit for a course through a Proficiency Examination. Similarly, Everest may award some credits toward undergraduate, associate, and diploma level courses for achievement of professional certifications such as CNE, MCSE, etc. For more information, please contact the Academic Dean or Director of Education.

### **Experiential Learning Portfolio**

Students may earn credit for experiential learning through the Prior Learning Assessment program. This program is designed to translate personal and professional experiences into academic credit. Procedures for applying for credit through experiential learning are available in the Academic Dean's/Director of Education's office.

### **Notice Concerning Transferability of Credits and Credentials Earned at Our Institution**

The transferability of credits earned at Everest is at the complete discretion of an institution to which a student may seek to transfer. Acceptance of the degree, diploma or certificate earned in the program in which the student is enrolling is also at the complete discretion of the institution to which a student may seek to transfer. If the credits or

degree, diploma or certificate that was earned at this institution are not accepted at the institution to which a student seeks to transfer, the student may be required to repeat some or all of his/her coursework at that institution. For this reason, the student should make certain that attendance at this institution will meet his/her educational goals. This may include contacting an institution to which a student may seek to transfer after attending Everest to determine if the credits or degree, diploma or certificate will transfer.

### **Transfer to Other Everest Locations**

Students in good standing may transfer to another Everest campus location. Transfer students are advised that they will be subject to the minimum residency requirements at the new campus for the program in which they are enrolled. Students may transfer applicable credits from Everest coursework in which a "C" or higher was earned; however, those credits will be treated as transfer credits and will not count toward fulfilling residency requirements at the new location.

### **Transfer to Participating Institutions in Florida's Statewide Course Numbering System (SCNS)**

Everest Institute is a participating institution in the Florida Statewide Course Numbering System (SCNS). Please see the disclosure and explanation of the course numbering system and the benefits of this participation that are provided in the Florida's Statewide Course Numbering System section of the catalog.

### **Everest Consortium Agreement**

The Everest Consortium Agreement enables students to attend a limited number of classes (a maximum of 49% of credit hours) at an Everest campus location other than their home campus. In addition, students nearing completion of their program of study may finish their degree at another Everest campus location through the Consortium Agreement (a minimum of 51% of credit hours must be completed at the Home campus). Complete details on the Everest Consortium Agreement are available in the Academic Dean's/Director of Education's office.

### **Transfer Center Assistance**

Any questions regarding the transfer of credit into or from Everest should be directed to the CCI Transfer Center at (877)727-0058 or email [transfercenter@cci.edu](mailto:transfercenter@cci.edu).

### **DIRECTED STUDY**

- Students unable to take a specific required course due to work schedule conflicts, emergency situations, or course scheduling conflicts may request permission to complete a course through directed study.
- Associate degree students may apply a maximum of 8.0 quarter credit hours earned through directed study to the major core of study.
- Students may not take more than one directed study course in a single academic term.
- Diploma students are not eligible for Directed Study

### **GRADING SYSTEM AND PROGRESS REPORTS**

The student's final grade for each course or module is determined by the average of the tests, homework, class participation, special assignments and any other criteria indicated in the grading section of the syllabus for the course or module. Final grades are reported at the completion of each grading term and are provided to each student. If mailed, they are sent to the student's home address. Failed courses must be repeated and are calculated as an attempt in Satisfactory Academic Progress calculations.

Grade	Point Value	Meaning	Percentage Scale
A	4.0	Excellent	100-90
B	3.0	Very Good	89-80
C	2.0	Good	79-70
D*	1.0	Poor	69-60
F**	0.0	Failing	59-0
Fail	Not Calculated	Fail (for externship/internship)	
Pass	Not Calculated	Pass (for externship/internship or thesis classes only)	
PF	Not Calculated	Preparatory Class Failed	
PP	Not Calculated	Preparatory Class Passed	
IP***	Not Calculated	In Progress (for externship/internship or thesis courses only)	
L	Not Calculated	Leave of Absence (allowed in modular programs only)	
EL	Not Calculated	Experiential Learning Credit	
PE	Not Calculated	Pass by Proficiency Exam	
W	Not Calculated	Withdrawal	
WZ	Not Calculated	Withdrawal for those students called to immediate active military duty. This grade indicates that the course will not be calculated for purposes of determining rate of progress	
TR	Not Calculated	Transfer Credit	

\*Not used in Allied Health programs.

\*\*Due to programmatic accrediting agency requirements, students in Allied Health programs require a higher percentage grade to pass. For Allied Health Programs, F (failing) is 69-0%.

\*\*\*If the required linear externship/internship hours are not completed within one term, the student will receive an IP (In Progress) grade and a zero credit Externship/Internship Extension course will be scheduled in the following term. Once the required hours are completed, the student's grade will be entered in both courses.

Treatment of Grades in the Satisfactory Academic Progress/Rate of Progress Calculation			
Grade	Included in GPA calculation?	Counted as attempted credits?	Counted as earned credits?
A	Y	Y	Y
B	Y	Y	Y
C	Y	Y	Y
D	Y	Y	Y
F	Y	Y	N
Fail	N	Y	N
Pass	N	Y	Y
IP	N	Y	N
L	N	N	N
EL	N	Y	Y
PE	N	Y	Y
PF	N	N	N
PP	N	N	N
W	N	Y	N
WZ	N	N	N
TR	N	Y	Y

### GPA AND CGPA CALCULATIONS

- The Grade Point Average (GPA) is calculated for all students. The GPA for each term and Cumulative Grade Point Average (CGPA) are calculated on courses taken in residence at Everest
- The Grade Point Average (GPA) is calculated at the end of each evaluation period by dividing the quality points earned by the total credits attempted for that evaluation period.
- The Cumulative Grade Point Average (CGPA) is calculated by dividing the total cumulative quality points earned by the total cumulative credits attempted for cumulative evaluation periods.
- The number of quality points awarded for each course is determined by multiplying the points listed for each letter grade by the number of credits of the course.

## STANDARDS OF SATISFACTORY ACADEMIC PROGRESS (SAP)

Students must maintain satisfactory academic progress in order to remain eligible as regularly enrolled students and to continue receiving federal financial assistance. The accreditor and federal regulations require that all students progress at a reasonable rate toward the completion of their academic program. Satisfactory academic progress is measured by:

- The student's cumulative grade point average (CGPA)
- The student's rate of progress toward completion (ROP); and
- The maximum time frame (MTF) allowed to complete the academic program (150% for all programs).

### Evaluation Periods for SAP

Satisfactory academic progress is measured for all students at the end of each grading period (i.e., at the end of each term, module, phase, level, quarter and payment period).

### Rate of Progress Toward Completion

The school catalog contains a schedule designating the minimum percentage or amount of work that a student must successfully complete at the end of each evaluation period to complete their educational program within the maximum time frame (150%). Quantitative progress is determined by dividing the number of credit hours earned by the number of credit hours attempted. Credit hours attempted include completed hours, transfer credits, withdrawals, and repeated courses. Non-credit remedial courses have no effect on the student's ROP.

### Maximum Time Frame to Complete

The maximum time frame for completion of all programs below the master's level is limited by federal regulation to 150% of the published length of the program. School shall calculate maximum time frame using credit hours attempted. All credit hours attempted, which include completed credits, transfer credits, withdrawals, and repeated classes, count toward the maximum number of credits allowed to complete the program. Non-credit remedial courses have no effect on the student's maximum time frame.

### Satisfactory Academic Progress Tables

48 Quarter Credit Hour Program. Total credits that may be attempted: 72 (150% of 48).				
Total Credits Attempted	SAP Advising if CGPA is below	SAP Not Met if CGPA is below	SAP Advising if Rate of Progress is Below	SAP Not Met if Rate of Progress is Below
1-18	2.0	N/A	66.66%	N/A
19-24	2.0	0.5	66.66%	25%
25-30	2.0	0.75	66.66%	40%
31-36	2.0	1.0	66.66%	50%
37-42	2.0	1.1	66.66%	55%
43-48	2.0	1.25	66.66%	60%
49-72	N/A	2.0	N/A	66.66%

52 Quarter Credit Hour Program. Total credits that may be attempted: 78 (150% of 52)				
Total Credits Attempted	SAP Advising if CGAP is below	SAP Not Met if CGAP is below	SAP Advising if Rate of Progress is Below	SAP Not Met if Rate of Progress is Below
1-21	2.0	N/A	66.66%	N/A
22-27	2.0	1.0	66.66%	20%
28-33	2.0	1.2	66.66%	30%

121-144	N/A	2.0	N/A	66.66%

### Application of Grades and Credits to SAP

- Grades A through F are included in the calculation of CGPA and are included in the Total Number of Credit Hours Attempted.
- Transfer credits (TR) are not included in the calculation of CGPA but are included in the Total Number of Credit Hours Attempted and Earned in order to determine the required levels for CGPA and rate of progress.
- Courses with grades of Pass, EL and PE are not included in the CGPA calculation but do count as credit hours successfully completed for the rate of progress calculation.
- For calculating rate of progress, F grades and W grades are counted as hours attempted but are not counted as hours successfully completed. Grades of IP will also be counted as hours attempted but not as hours successfully completed.
- When a course is repeated, the higher of the two grades is used in the calculation of CGPA, and the total credit hours for the original course and the repeated course are included in the Total Credit Hours Attempted (in the SAP charts) in order to determine the required rate of progress level. The credit hours for the original attempt are considered as not successfully completed.
- When a student returns from a leave of absence and completes the course from which the student withdrew, the hours for which the student receives a passing grade are counted as earned; the grade, hours, and attendance for the original attempt prior to the official leave of absence are not counted for purpose of the rate of progress toward completion calculation and the original grade is not counted in the CGPA calculation.
- When a student transfers between programs, all attempts of courses common to both programs are included in the CGPA and ROP of the new program.

- Students graduating from one program and continuing on to another will have all successfully completed courses common to both programs included in the SAP calculations of the new program. Courses not in the new program, including grades of W or F, are excluded from all SAP calculations.
- Non-punitive grades are not used and non-credit and remedial courses do not factor into CGPA or ROP.

### **SAP Advising**

SAP Advising is the period of time during which a student is advised and monitored for progress for the remainder of the term. During the SAP advising period, the student is eligible for financial aid. Academic advising shall be documented using the **Academic Advising Form**. The form shall be kept in the student's academic file.

The Academic Dean/Director of Education (or designee) must provide a written notice of SAP Advising status. The following timelines apply for all students placed on SAP Advising status:

- For linear programs with an Add/Drop period:
  - Students must receive the notification by the first day of the term; and
  - Must be advised within fourteen (14) calendar days after the term start.

**NOTE: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start and be advised within twenty-one (21) calendar days after the term start.**

- For modular programs:
  - Students must receive the notification by the third (3) calendar day of the subsequent module; and
  - Must be advised within ten (10) calendar days after the module start.

### **Financial Aid Warning**

SAP is evaluated at the end of each term and all students with a cumulative grade point average (CGPA) and/or rate of progress (ROP) below the required academic progress standards as stated in the school's catalog will move into SAP NOT MET status. Students not meeting SAP and with a previous SAP status: SAP MET or SAP ADVISING will be issued FA Warning letter and be advised that unless they improve their CGPA and/or rate of progress toward completion, they may be withdrawn from their program and lose eligibility for federal financial aid.

### **Notification of Financial Aid Warning**

The Academic Dean/Director of Education (or designee) must provide the written notice of FA Warning status to all students with a previous SAP status: SAP Advising or SAP Met. The following timelines apply to all students receiving an FA Warning:

- For linear programs with an Add/Drop period:
  - Students must receive the notification by the first day of the term; and
  - Must be advised within fourteen (14) calendar days after the term start.

**NOTE: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start and be advised within twenty-one (21) calendar days after the term start.**

- For modular programs:
  - Students must receive the notification by the third (3) calendar day of the next module; and
  - Must be advised within ten (10) calendar days after the module start.

### **Financial Aid Probation**

At the end of each term following a SAP evaluation, students with a previous SAP NOT MET status and who are still SAP NOT MET according to the academic progress standards stated in the school's catalog, will be notified with a SAP NOT MET letter indicating that they will be withdrawn unless they successfully appeal by written request within five (5) calendar days after the notification in accordance with the Academic Appeals Policy. Appeals shall only be granted for the following reasons: the death of a family member; an illness or injury suffered by the student; special circumstances of an unusual nature which are not likely to recur.

The Academic Dean/Director of Education (or designee) must provide written notice of all students placed on SAP NOT MET status:

- For linear programs with an Add/Drop period:
  - Students must receive the notification by the first day of the term;
  - If the student appeals this status and the appeal is approved, the student must receive an Academic Progress Plan within ten (10) calendar days after the appeal's approval.

**NOTE: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start.**

- For modular programs:
  - Students must receive the notification by the third (3) calendar day of the next module;
  - If the student appeals this status and the appeal is approved, the student must receive an Academic Progress Plan within seven (7) calendar days after the appeal's approval.

## Notification of Financial Aid Probation

FA Probation is the term for which the student's appeal has been accepted and progress is monitored under an Academic Progress Plan. Students must be notified in writing of their probationary status within three (3) calendar days of the change in status in the student information system. During the period of FA probation students will continue to be eligible for financial aid.

While on FA probation, unless students improve their CGPA and/or rate of progress toward completion, in accordance with their Academic Progress Plan, they will be withdrawn from their program and become ineligible for further financial aid. All students on FA probation must be placed on an Academic Progress Plan. A student will remain on FA probation as long as he or she is meeting the requirements of his or her Academic Progress Plan when evaluated at the end of each evaluation period on the Plan.

## Academic Progress Plan

Students on FA Probation must agree to the requirements of an Academic Progress Plan (APP) as a condition of their FA probation. Each student shall receive a copy of his or her APP. A copy of each student's APP shall be kept in the student's permanent academic file.

The APP may extend over one (1) or multiple terms. At the end of the first evaluation period on the APP, the student will meet with the Academic Dean/Director of Education (or designee) for an evaluation of progress of the plan's requirements. If on a single-term plan and the student has met the requirement(s) of the plan, the student will move into SAP Advising or SAP Met status, and the student's APP shall be considered fulfilled and closed. If on a multi-term plan and the student has met the requirement(s) of the first evaluation period, then new requirement will be set and the student will be placed on FA Probation status again and will continue to adhere to the requirements of the APP.

If at the end of any SAP evaluation period on the plan (APP) the student does not meet the plan's requirement(s), the student will receive a dismissal letter and will be dismissed from the program.

Students who have violated their FA Probation and have been dismissed from a program are not eligible for readmission to that program if they have exceeded, or may exceed, the maximum time frame of completion until they re-establish appropriate Satisfactory Academic Progress standing.

## Evaluation of Progress

At the end of each evaluation period encompassed by the APP, the student will meet with the Academic Dean/Director of Education (or designee) for an evaluation of progress of the plan's requirements. Determination of the student's success at meeting APP requirement(s) must be completed no later than the second (2<sup>nd</sup>) calendar day of the module or term.

## SAP Advising or SAP Met Status

If the student has met the requirements of a one-term plan, the student will move into a SAP Advising or SAP MET status and the student's APP shall be considered fulfilled and closed. The student will be provided with either a SAP Advising or Return to Academic Good Standing Letter. In the case of SAP Advising, the student will be advised with the Academic Advising form and will be FA eligible.

The Academic Dean/Director of Education (or designee) must provide a written notice of Return to Academic Good Standing or SAP Advising status. The following timelines apply for all students placed on SAP Advising status:

- For linear programs with an Add/Drop period:
  - Students must receive the notification by the first day of the term; and
  - Must complete the Evaluation of Progress form within fourteen (14) calendar days after the notification.

**NOTE: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start and must complete the Evaluation of Progress form within twenty-one (21) calendar days after the notification.**

- For modular programs:
  - Students must receive the notification by the third (3) calendar day of the subsequent module; and
  - Must complete the Evaluation of Progress form within seven (7) calendar days after the notification.

## SAP Not Met Status and/or Dismissal

If on a multi-term plan, it is likely the student will remain SAP NOT MET for the second (and ensuing) evaluation periods. At the end of each evaluation period, the student will be notified, evaluated for progress, and if the APP requirements are met, will remain in FA Probation and continue on the APP. New requirements for the second (or ensuing) evaluation period will be defined using the Evaluation of Progress form.

The Academic Dean/Director of Education (or designee) must provide a written notice of SAP NOT MET status. The following timelines apply for all students placed on SAP NOT MET status:

- For linear programs with an Add/Drop period:
  - Students must receive the notification by the first day of the term; and
  - Must complete the Evaluation of Progress form within fourteen (14) calendar days after the notification.

**NOTE: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start and must complete the Evaluation of Progress form within twenty-one (21) calendar days after the notification.**

- For modular programs:
  - Students must receive the notification by the third (3) calendar day of the subsequent module; and
  - Must complete the Evaluation of Progress form within seven (7) calendar days after the notification.

If the student does not meet the Plan's requirements at the end of an evaluation period, the student will be dismissed from the program. If the student has not met the benchmark, the student must be dropped with the correct DOD (no later than second calendar day of module or term). The student must be notified of dismissal no later than the second calendar day of module or term.

**Note: If the student has make-up work, and the campus is willing to accept it, it must be completed within four (4) calendar days of grades being entered (as long as this doesn't extend beyond ten (10) calendar days after mod- or term-end), or the student must be dropped with the correct DOD.**

### **SAP Re-Entry**

Students who have violated FA Probation and have been dismissed shall not be readmitted if they cannot complete the program within the maximum time frame or re-establish appropriate Satisfactory Academic Progress (SAP) standing.

### **Retaking Passed Coursework**

Students may repeat coursework as long as such coursework does not include more than a single repetition of a previously passed course. Each attempt counts in the calculation of the students' rate of progress and successful completion percentages. All repeated courses will appear on the student's transcript, but only the highest grade earned will be included in the calculation of their cumulative grade point average.

### **Retaking Failed Coursework**

For the purpose of improving academic standing and establishing institutional grade point average, students must repeat any failed coursework. Failed courses may be repeated more than twice, so long as repeating the coursework does not jeopardize the students' maximum time frame of completion. Each attempt counts in the calculation of the students' rate of progress and successful completion percentages. All repeated coursework will appear on the student's transcript, but only the highest grade earned will be included in the calculation of their cumulative grade point average.

### **ADD/DROP POLICY (LINEAR PROGRAMS ONLY)**

Students may add or drop courses during the add/drop period without academic penalty. However, they must first obtain the permission of the Academic Dean/Director of Education (or designee) and the Director of Student Finance (or designee). Students are not permitted to add a course after the end of the add/drop period. Students who attend a course after the add/drop period shall be charged for the course pursuant to the refund policy as stated in this catalog. Students who drop a course after the add/drop period shall receive a grade of "W" (Withdraw) and be charged for the course pursuant to the refund policy as stated in this catalog.

### **Full Term Courses**

The add/drop period for full term courses is the first fourteen (14) calendar days of the term, excluding holidays and regularly scheduled breaks. The taking of attendance of students who enroll during the add/drop period shall begin the first scheduled class session following the student's enrollment. Therefore, students who enroll in a full-term course during the add/drop period must attend class by the earlier of the 21<sup>st</sup> calendar day of the term or the 14<sup>th</sup> calendar day after enrollment, or be dropped from the course.

### **Mini-Term Courses**

The registration period for second mini-term courses occurs well in advance prior to the start of the second mini-term. Continuing students, who are already enrolled in full term courses, should complete registration for upcoming second mini-term courses by the close of business on day twenty (20) of the full-term. Additionally, students must sign a Mini-Term Consent Form when registering for the upcoming second mini-term courses.

Once the mini-term has begun, the add/drop period for mini-term courses is the first seven (7) calendar days of the term, excluding holidays and regularly scheduled breaks. The taking of attendance of students who enroll during the add/drop period shall begin the first scheduled class session following the student's enrollment. Students who enroll in mini-term courses during the add/drop period must attend class by the 14<sup>th</sup> calendar day of the mini-term, or be dropped from the course.

### Effects of Add/Drop on Financial Aid Calculation

Adding or dropping a course may affect a student's enrollment status, and therefore the amount of financial aid for which the student is eligible. The Director of Student Finance (or Designee) is responsible for advising a student of the financial consequences of a change in registration.

In order for second mini-term courses to be considered in the determination of a student's enrollment status for Pell grant purposes only, a student must register for the second mini-term courses by the close of business on day twenty (20) of the start of the full term, i.e. prior to the Census date.

### ATTENDANCE POLICY

Attendance in class is critical to student academic success. This policy sets standards that provide for the withdrawal and dismissal of students whose absences exceed a set rate. Normally, a student is considered present if he or she is in the assigned classroom for the scheduled amount of time, i.e., neither late for class (tardy) nor leaving before the end of class (leave early). However, an instructor may consider a student present who does not attend the entire class session if (a) the criteria used to make the determination are stated in the course syllabus and (b) the amount of time missed does not exceed 50% of the class session.

### Establishing Attendance/ Verifying Enrollment

- For programs with an add/drop period, the taking of attendance for a student enrolling during the add/drop period shall begin the first scheduled class session following the student's enrollment.
- In programs without an add/drop period, new students registered for a class shall attend by the second scheduled class session or be withdrawn.

### Monitoring Student Attendance

Faculty shall monitor student attendance on the basis of both consecutive absences (the "Consecutive Absence Rule") and absences as a percentage of the hours (minus externship hours) in the term/program (the "Percentage Absence Rule"). A student may appeal an attendance dismissal pursuant to the Student Academic Appeals Policy.

Should an appeal be granted, the student is not dismissed, but shall be placed on probation and monitored with an advising plan. Should an appeal not be granted, the student shall be withdrawn from all courses and dismissed from school, and shall not be charged for attending while the appeal was pending. Students dismissed due to an attendance violation must reapply for admission to the school.

### Consecutive Absence Rule

When a student is absent from school for fourteen (14) consecutive calendar days excluding holidays and scheduled breaks, the faculty shall notify the Academic Dean/Director of Education. The following guidelines shall be followed:

- All students who state they will not return to school shall be promptly withdrawn;
- All students who state they will return must:
  1. Attend their next scheduled class session;
  2. File an appeal within five (5) calendar days of the violation;
  3. Have perfect attendance while the appeal is pending; and
- Any student who has promised to return to school, but does not attend the next scheduled class session shall be withdrawn from all courses and dismissed from school.

**Note:** For linear programs, the consecutive absence rule is applied to days missed in a single term. For modular programs, the consecutive absence rule is applied to days missed in the total program.

### Percentage Absence Rule (Modular Programs)

For students who **have not** previously violated the attendance policy:

Percentage	Action Taken
15% of the total classroom hours missed	Attendance warning letter sent
20% of the total classroom hours missed	Withdrawn from the module and dismissed from school

For students who **have** been dismissed for violating the attendance policy, or would have been dismissed but for a successful appeal, the following rule shall apply:

Percentage	Action Taken
15% of the remaining classroom hours missed	Attendance warning letter sent
20% of the remaining classroom hours missed	Withdrawn from the module and dismissed from school

## Percentage Absence Rule (Linear Programs)

The following rule shall apply:

Percentage	Action Taken
25% of the total hours for all courses in a term	Attendance warning letter sent
40% of the total hours for all courses in a term	Withdrawn from all courses and dismissed from school

Should a student violate the applicable Percentage Absence Rule, the following guidelines shall be followed:

- All students who state they will not return to school shall be promptly withdrawn;
- All students who state they will return must:
  1. Attend class within five (5) calendar days of the violation;
  2. File an appeal within five (5) calendar days of the violation;
  3. Have perfect attendance while the appeal is pending; and
- Any student who has promised to return to school, but who does not return within five (5) calendar days of the violation shall be withdrawn from all courses and dismissed from school.

### Date of Withdrawal

- When a student is withdrawn for consecutive absences within the term or module, the date of the student's withdrawal shall be the student's last date of attendance (LDA).
- When a student is withdrawn for violating the applicable percentage absence rule, the Date of Withdrawal shall be the date of the violation.

**Note:** The Date of Withdrawal shall be the earlier of a violation of the Consecutive Absence Rule or the Percentage Absence Rule.

### Date of Determination (DOD)

The Date of Determination (DOD) shall be the date the school determined the student would not return to class. This is the date used to determine the timeliness of the refund. The DOD is the **earliest** of the following three (3) dates:

- The date the student notifies the school (verbally or in writing) that s/he is not returning to class;
- The date the student violates the published attendance policy; or
- No later than the 14<sup>th</sup> calendar day after the LDA; scheduled breaks are excluded when calculating the DOD.

### Attendance Records

The computer attendance database is the official record of attendance. The official record may be challenged by filing an attendance appeal according to the Student Academic Appeal Policy. Without an appeal, after the 14th calendar day following the end of the term/module, the computer attendance database shall be considered final.

### LEAVE OF ABSENCE POLICY (MODULAR PROGRAMS ONLY)

Everest permits students to request a leave of absence (LOA) as long as the leave does not exceed a total of 180 days during any 12-month period, starting from the first day of the first leave, and as long as there are documented, legitimate extenuating circumstances that require the students to interrupt their education. Students requesting an LOA must submit a completed Leave of Absence Request Form prior to the beginning date of the leave. If unforeseen circumstances prevent the student from submitting the request in advance, the leave may still be granted, but only if:

- a) the school documents the unforeseen circumstances, and
- b) the student submits a completed **Leave of Absence Request Form** by the tenth (10<sup>th</sup>) calendar day of the leave.

**Note:** Everest does not permit leaves of absence for students enrolled in quarter-based programs. Students experiencing circumstances that may make it necessary to interrupt their attendance temporarily should see the Academic Dean/Director of Education.

### Re-Admission Following a Leave of Absence

- Upon return from leave, the student will be required to repeat the module, if it had been interrupted, and receive final grades.
- The student will not be charged any fee for the repeat of any module from which the student took leave or for students returning from a leave of absence.
- The date the student returns to class is normally scheduled for the beginning of a module.
- When a student is enrolled in a modular program, the student may return at any appropriate module, not only the module from which the student withdrew.

### **Extension of Leave of Absence**

A student on an approved LOA may submit a request to extend the LOA without returning to class. Such a request may be approved by the Academic Dean/Director of Education provided:

- The student submits a completed LOA Extension Request Form before the end date of the current leave.
- There is a reasonable expectation the student will return.
- The number of days in the leave as extended, when added to all other approved leaves, does not exceed 180 calendar days in any twelve (12) month period calculated from the first day of the student's first leave.
- Appropriate modules required for completion of the program will be available to the student on the date of return.

If the extension request is approved, the end date of the student's current leave will be changed in the official student information system to reflect the new end date. If the request is denied, the student will be withdrawn and the withdrawal date will be the student's last date of attendance (LDA).

### **Failure to Return from a Leave of Absence**

A student who fails to return from an LOA on or before the date indicated in the written request will be terminated from the program, and the institution will invoke the refund policy. As required by federal statute and regulations, the student's last date of attendance prior to the approved LOA will be used in order to determine the amount of funds the institution earned and make any refunds that may be required under federal, state, or institutional policy.

### **Possible Effects of Leave of Absence**

Students who are contemplating an LOA should be cautioned that one or more of the following factors may affect the length of time it will take the student to graduate.

- Students returning from a LOA are not guaranteed that the module required to maintain the normal progress in their training program will be available at the time of reentry
- They may have to wait for the appropriate module to be offered
- Financial aid may be affected

### **EXTERNSHIP TRAINING**

Upon successful completion of all classroom requirements, students in programs that require an externship are expected to begin the externship portion of their programs within 14 calendar days (excluding holidays and regularly scheduled breaks). If a student does not begin externship training within 14 calendar days, he/she must be dropped from the program. A leave of absence (LOA) may only be approved if the student's reason meets the criteria of the LOA Policy. Students may only miss 14 consecutive calendar days once they start externship or they must be dropped from the program.

Each student has approximately 120 calendar days to complete their externship. Any modular student who does not complete externship training within 120 calendar days should meet with the Academic Dean/Director of Education to approve the time remaining to complete the externship.

Students who drop from externship either prior to starting or during externship and/or delay the completion of their externship for more than 30 days from the last days of attendance must have their skills evaluated by a program instructor or director/chair prior to re-entry to ensure they are still competent to perform skills safely in the externship setting.

### **WITHDRAWAL PROCEDURES**

- Students who intend to withdraw from school are requested to notify the Academic Dean/Director of Education by telephone, in person, by email or in writing to provide official notification of their intent to withdraw and the date of withdrawal.
- Timely notification by the student will result in the student being charged tuition and fees for only the portion of the payment period or period of enrollment that he/she attended as well as ensuring a timely return of federal funds and any other refunds that may be due.
- Students requesting a withdrawal from school must complete a financial aid exit interview.
- Students who have withdrawn from school may contact the school's Education Department about re-entry.

### **MAKE-UP WORK**

At the instructor's discretion, make-up work may be provided to students who have missed class assignments or tests. Make-up work must be completed within 10 calendar days after the end of the term/module.

### **REQUIREMENTS FOR GRADUATION**

- Successfully complete all courses in the program with a 2.0 (70%) cumulative grade point average within the maximum time frame for completion as stated in the school catalog.
- Successfully complete all externship requirements (if applicable).
- Meet any additional program specific requirements as stated in the catalog.

Commencement exercises are held at least once a year. Upon graduation, all students who are current with their financial obligation to the school shall receive their diploma and have the option to participate in the graduation ceremony.

## VETERANS EDUCATION BENEFITS

### Prior Credit for Education and Training

All VA beneficiaries are required to disclose prior postsecondary school attendance, military education and training, and provide official transcripts for such education and training. The student is responsible for ensuring that all transcripts are submitted to the school. The school is responsible for evaluating official written transcripts of previous education and experience, granting credit where appropriate, notifying the student, and shortening the program certified accordingly.

Prior credit must be evaluated within the first two terms of the enrollment period. The VA will not pay VA education benefits past the third term of enrollment, if prior credit has not been evaluated.

### Benefit Overpayments

Schools are required to promptly report changes in the enrollment status of all students receiving VA education benefits in order to minimize overpayments. Generally overpayments of VA benefits are the responsibility of the student. However, there are instances under the Post 9/11 GI Bill when an overpayment is created on a school and funds need to be returned to the VA.

### Academic Standards for Students Receiving VA Benefits

Students receiving Veterans education benefits are subject to the same academic standards applicable to all students at the school. To receive VA education benefits, a student must maintain Satisfactory Academic Progress, attendance standards and adhere to the Code of Student Conduct.

### Additional Requirements for Veteran Students (Modular Programs Only)

For Veteran students who **have not** previously been dismissed from the program for violating the attendance policy, the following rule shall apply:

Percentage	Action Taken
15% of the cumulative hours attempted	Attendance warning letter sent
20% of the cumulative hours attempted	Dismissed from the program

For Veteran students who **have** been dismissed for violating the attendance policy, or would have been dismissed but for a successful appeal, the following rule shall apply:

Percentage	Action Taken
15% of the remaining cumulative hours attempted	Attendance warning letter sent
20% of the remaining cumulative hours attempted	Dismissed from the program

The Veterans Administration (VA) requires that students receiving funds based on their enrollment in school complete their course of studies in the standard length of the program. In order to meet this requirement, students must attend class on a regular basis. The VA requires that it be notified when a veteran student's enrollment status changes; such notification may result in the termination of veteran benefits. All dismissals and successful appeals by students funded through the VA shall be reported to the VA by the certifying official for the school.

## APPEALS POLICIES

### Student Academic Appeals Policy

Academic appeals include those appeals related to Satisfactory Academic Progress violations, final grades, attendance violations, and academic or financial aid eligibility. In all instances, with the exception of SAP, Everest expects that initially every attempt will be made to resolve such disputes informally through discussions by all relevant parties prior to initiating formal appeals.

All formal academic appeals must be submitted in writing (or electronically via email for students enrolled in an online course) on an Academic Appeal Form to the Academic Dean/Director of Education within five (5) calendar days of the date the student has notice of the adverse academic decision:

- Notice of final grades:
  - Modular - the date the grade(s) are mailed from the school
  - Linear - first day of the subsequent term

- Notice of Attendance violation is the date of the violation
- Notice of SAP violation (FA probation – SAP Not Met 2<sup>nd</sup> consecutive term):
  - Modular – third calendar day of the subsequent module
  - Linear - first day of the subsequent term

**Note:** In the case of terms without a break week, the student must receive the notification within seven (7) calendar days of the term start.

The appeal must include:

- The specific academic decision at issue
- The date of the decision
- The reason(s) the student believes the decision was incorrect
- The informal steps taken to resolve the disagreement over the decision
- The resolution sought

The written appeal may be accompanied by any additional documentation (e.g., papers, doctor notes, tests, syllabi) the student believes supports the conclusion that the academic decision was incorrect.

**Note:** Once a formal appeal is filed, no action based on the adverse academic decision may be taken until the appeal process is complete. However, in cases involving financial aid eligibility, all financial aid disbursements shall be suspended until the matter is resolved.

Upon receipt of the Academic Appeal Form, the Academic Dean/Director of Education/Online Designee shall convene an Appeal Committee, which should at a minimum include the Department Chair, a member of the Student Services Staff, and a faculty member from another program. The Appeal Committee shall investigate the facts of the matter to the extent deemed appropriate under the circumstances. The Appeal Committee shall render a written decision within five (5) calendar days of the date the appeal was received, and shall forward the decision to the student and the instructor within five (5) calendar days thereafter. Copies of all documents relating to the appeal shall be placed in the student's academic file, and the decision of the Appeal Committee shall be noted in the official student information system within one (1) calendar day of the date of the decision. The decision of the Appeal Committee is final, and no further appeals are permitted.

**Note:** When an appeal is denied, the date of any suspension of financial aid or dismissal from the program shall be the date of the adverse academic decision. The student will not be charged for any attendance after the date of the adverse academic decision.

### **Assignments/Test Grades**

Students who disagree with an assignment/test grade should discuss it with the instructor upon receipt of the grade. Assignments/test grades are reviewed at the instructor's discretion. If the instructor is not available, the matter should be discussed with the Program Director/Department Chair/Online Academic Designee. Only final course grades are eligible for appeal.

### **Final Course Grades**

In modular programs, appeals of final course grades must be made by the fifth (5<sup>th</sup>) calendar day after the date the grades are mailed from the school. In linear programs, appeals of final course grades must be made by the sixth (6<sup>th</sup>) calendar day of the subsequent term. The Academic Dean/Director of Education/Online Academic Designee may direct a grade to be changed when it is determined by an Appeal Committee that a final grade was influenced by any of the following:

1. A personal bias or arbitrary rationale
2. Standards unreasonably different from those that were applied to other students
3. A substantial, unreasonable, or unannounced departure from previously articulated standards
4. The result of a clear and material mistake in calculating or recording grades or academic progress

### **Attendance Violation Appeals Policy**

Appeals of attendance violations must be made within five calendar days of the violation. In order for an attendance appeal to be considered, the student must:

1. Attend school:
  - The next scheduled class period (Consecutive Absence Rule violations)
  - Within five (5) calendar days of the violation (Percentage Absence Rule violations)
2. Have perfect attendance while the appeal is pending
3. Submit a written plan to improve attendance with the Appeal Form

Provided that no applicable state requirement would be violated by doing so, an attendance appeal may be granted if the student demonstrates that the absence was caused by:

1. The death of a family member
2. An illness or injury suffered by the student
3. Special circumstances of an unusual nature which are not likely to recur

The Appeal Committee may, as a condition of granting the appeal, require the student to make up assignments and develop an Academic Advising Plan in conjunction with his or her advisor.

### **Satisfactory Academic Progress (SAP) Appeals Policy**

In modular programs, SAP appeals must be made within five (5) calendar days of the notification, i.e., eight (8) calendar days of the subsequent module start. In linear programs, SAP appeals must be made by the sixth (6<sup>th</sup>) calendar day of the subsequent term.

Provided that the student can complete their program within the maximum time frame with the required minimum CGPA, a SAP appeal may be granted if the student demonstrates that s/he is sincerely committed to taking the steps required to succeed in his/her program and that his or her failure to maintain the required CGPA or ROP was caused by any of the following mitigating circumstances:

1. The death of a family member
2. An illness or injury suffered by the student
3. Special circumstances of an unusual nature which are not likely to recur

SAP violation/FA Probation appeals must include a detailed statement written by the student explaining the reason why he or she failed to make SAP, and what has changed in the student's situation that will allow him or her to demonstrate SAP at the next evaluation period. An appeal will be strengthened if supporting documentation is included (e.g., medical doctor's note, law enforcement report, etc.)

The Appeal Committee shall, as a condition of granting the appeal, require the student to develop an Academic Progress Plan in conjunction with the student's advisor and place the student on FA probation.

## **FINANCIAL INFORMATION**

### **STATEMENT OF FINANCIAL OBLIGATION**

A student who has applied, is accepted, and has begun classes at Everest assumes a definite financial obligation. Each student is legally responsible for his or her own educational expenses for the period of enrollment. A student who is enrolled and has made payments in full or completed other financial arrangements and is current with those obligations, is entitled to all the privileges of attending classes, taking examinations, receiving grade reports, securing course credit, being graduated, and using the Career Services Office.

Any student who is delinquent in a financial obligation to the school, or any educational financial obligation to any third party, including damage to school property, library fines, and payment of tuition and fees, is subject to exclusion from any or all of the usual privileges of the school. Everest may, in its sole discretion, take disciplinary action on this basis, including suspension or termination of enrollment.

### **TUITION AND FEES**

Tuition and fee information can be found in the "Tuition and Fees" section of the catalog. Modular programs are offered throughout the year on a schedule independent of the standard quarter calendar. When a student begins enrollment in a modular program, tuition will be charged in the full tuition amount, or in increments based on state policy, for each academic year.

Quarter-based programs will be charged for the student's first quarter (or mini-term quarter start) in attendance. Tuition and fees for subsequent quarters will be charged at the published rate in effect at the beginning of that quarter. The minimum full-time course load is 12 credits per quarter for undergraduate programs. Textbook costs per quarter are dependent upon the classes for which the student is registered. All credits for which a student is registered are charged at the current rate, including any courses being repeated. The student's total tuition for a given quarter is determined by multiplying the number of credit hours for which the student is registered at the end of the Add/Drop period by the then current tuition rate for that number of credit hours.

Students' financial obligations will be calculated in accordance with the refund policy in the Enrollment Agreement and this school catalog. For modular programs, the Enrollment Agreement obligates the student and the school for the entire program of instruction. For quarter-based programs, the Enrollment Agreement obligates the student and the school for tuition by quarter.

Student may make payments by cash or by the following accepted credit cards: Visa, MasterCard or Discover.

### **TUITION CHARGES FOR RE-ENTRY**

- Students re-entering a linear program will be charged tuition at the current cost per credit/quarter.
- Students re-entering a modular program within 180 days will be charged tuition at the original tuition rate reflected on the original enrollment agreement. Students re-entering a modular program outside of 180 days will be charged current tuition rate.

- If the student is entering into a modular program that charges tuition by the academic year and is re-entering in the second academic year, no tuition increase is applied to the first academic year, since that year has already been completed. The tuition increase will be calculated for the second academic year as follows:
  - Tuition increase divided by the number of academic credits in the program equals to cost per credit. Cost per credit multiplied by the number of credits in the second academic year equals the amount of tuition increase.

**Note:** Any student who has a prior unpaid balance or account that has been referred to a collection agency will not be eligible for re-entry until the unpaid balance has been resolved.

## **TEXTBOOKS**

Textbooks and workbooks are sold through the bookstore in accordance with Everest policies. At the time of issuance, textbooks become the responsibility of the students. Everest is not responsible for replacing lost textbooks; however, students may purchase replacements from the campus bookstore. Students are responsible for the cost of their textbooks and the cost of any shipping charges.

## **ADDITIONAL FEES AND EXPENSES**

Charges for textbooks and equipment are separate from tuition. The institution does not charge for books and equipment until the student purchases and receives the items. Incidental supplies, such as paper and pencils, are to be furnished by students.

## **VOLUNTARY PRE-PAYMENT PLAN**

The school provides a voluntary prepayment plan to students and their families to help reduce the balance due upon entry. Details are available upon request from the Student Finance Office.

## **BUYER'S RIGHT TO CANCEL**

The applicant's signature on the Enrollment Agreement (Agreement) does not constitute admission into the school until the student has been accepted for admission by an official of the school. If the applicant is not accepted, all monies paid will be refunded.

After the applicant has signed the Agreement, the applicant may request cancellation by submitting a written notice either prior to the start of the first scheduled class or by midnight of the third business day following the signing of the Agreement, whichever is later, and the applicant will receive a full refund of all monies paid. Applicants who have signed the Agreement but have not yet visited the school may also cancel within three business days following either the school's regularly scheduled orientation procedures or a tour of the school's facilities and inspection of equipment, where training and services are provided.

Cancellation will occur when the student gives a signed and dated written notice of cancellation to the Director of Admissions or President at the address shown on the Agreement. The written notice of cancellation need not take any particular form and, however expressed, is effective if signed and dated by the student and states that the student no longer wishes to be bound by the Agreement. A notice of cancellation may be given by mail or hand delivery. The notice of cancellation, if sent by mail, is effective when deposited in the mail, properly addressed, with postage prepaid.

## **OFFICIAL WITHDRAWALS**

An official withdrawal is considered to have occurred on the date that the student provides to the school official notification of his or her intent to withdraw. Students who must withdraw from the school are requested to notify the office of the Academic Dean/Director of Education in writing to provide official notification, including the official date and reason, of their intent to withdraw. When the student begins the process of withdrawal, the student or the office of the Academic Dean/Director of Education will complete the necessary form(s).

**Quarter-based Programs:** After the cancellation period, students in quarter-based programs who officially withdraw from the school prior to the end of the school's official add/drop period will be dropped from enrollment, and all monies paid will be refunded.

**Modular Programs:** Although there is no add/drop period in modular programs, for students who officially withdraw within the first five class days (or for weekend classes within seven calendar days from the date they started class, including the day they started class), all monies paid will be refunded.

## **DATE OF WITHDRAWAL VERSUS DATE OF DETERMINATION (DOD)**

The date of withdrawal for students who officially withdraw is the same date as determined under official withdrawals above. If the student officially rescinds his or her official notification of withdrawal and then withdraws within the same quarter, the withdrawal date is the student's original withdrawal date from the previous official notification.

If the student ceases attendance without providing official notification due to circumstances beyond the student's control, the withdrawal date is as follows: If the withdrawal is due to circumstances beyond the student's control, the

date of withdrawal is the date the school determines is related to the circumstance beyond the student's control; otherwise, the withdrawal date is the midpoint of the quarter or the last documented date of attendance at an academic activity, whichever is later.

For a student who officially withdraws, the DOD is the student's withdrawal date or date of notification, whichever is later. For a student who withdraws without notification, the DOD is the date that the school becomes aware that the student has ceased attendance. For a student who withdraws after rescinding an official withdrawal, the DOD is the date the school becomes aware that the student did not, or will not, complete the period of enrollment.

## **FEDERAL FINANCIAL AID RETURN POLICY**

### **Student Financial Aid (SFA)**

The school is certified by the U.S. Department of Education as an eligible participant in the Federal Student Financial Aid (SFA) programs established under the Higher Education Act of 1965 (HEA), as amended (Title IV programs). The school is required to determine earned and unearned portions of Title IV aid for students who cancel, withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60% of a payment period or term.

### **Return of Title IV Funds Calculation and Policy**

The Return of Title IV Funds calculation (Return calculation) is based on the percentage of earned aid using the following calculation: Percentage of payment period or term completed equals the number of scheduled hours (clock-hour programs) or days (credit-hour programs) completed up to the withdrawal date divided by the total number of hours (clock-hour programs) or days (credit-hour programs) in the payment period or term. For credit-hour programs, any scheduled break of five days or more is not counted as part of the days in the term. This percentage is also the percentage of earned aid.

Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula: Aid to be returned equals (100% of the aid that could be disbursed minus the percentage of earned aid) multiplied by the total dollar amount of aid that could have been disbursed during the payment period or term.

The school must return the lesser of:

1. The amount of Title IV program funds that the student did not earn; or
2. The amount of institutional charges that the student incurred for the payment period or period of enrollment multiplied by the percentage of funds that were not earned.

The student (or parent, if a federal PLUS loan) must return or repay the amount by which the original overpayment amount exceeds 50% of the total grant funds received by the student for the payment period or period of enrollment, if the grant overpayment is greater than \$50. (Note: If the student cannot repay the grant overpayment in full, the student must make satisfactory arrangements with the U.S. Department of Education to repay any outstanding grant balances. The Student Financial Aid Department will be available to advise the student in the event that a student repayment obligation exists. The individual will be ineligible to receive additional student financial assistance in the future if the financial obligation(s) is not satisfied).

The school must return the Title IV funds for which it is responsible in the following order:

1. Unsubsidized Direct Stafford Loans (other than PLUS loans)
2. Subsidized Direct Stafford Loans
3. Federal Perkins Loans
4. Direct PLUS Loans
5. Federal Pell Grants for which a return of funds is required
6. Academic Competiveness Grants for which a return of funds is required
7. National Smart Grants for which a return of funds is required
8. Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required

If a student withdraws after the 60% point-in-time, the student has earned all Title IV funds that he/she was scheduled to receive during the period and, thus, has no unearned funds; however, the school must still perform a Return calculation. If the student earned more aid than was disbursed to him/her, the institution would owe the student a post-withdrawal disbursement, which must be paid within 180 days of the DOD. If a student earned less aid than was disbursed, the school would be required to return a portion of the funds, and the student would be required to return a portion of the funds. Any outstanding student loans that remain are to be repaid by the student according to the terms of the student's promissory notes.

### **Title IV Credit Balances**

After a Return calculation has been made and a state/institutional refund policy, if applicable, has been applied, any resulting credit balance (i.e. earned Title IV funds exceed institutional charges) must be paid within 14 days from the date that the school performs the Return calculation and will be paid in one of the following manners:

1. Pay authorized charges at the institution;
2. With the student's permission, reduce the student's Title IV loan debt (not limited to the student's loan debt for the period of enrollment);
3. Return to the student.

### **Effects of Leaves of Absence on Returns**

If a student does not return from an approved leave of absence on the date indicated on the written request, the withdrawal date is the student's last day of attendance. For more information, see the Leave of Absence section in the school catalog.

### **Time Frame within which Institution is to Return Unearned Title IV Funds**

The school must return the amount of unearned Title IV funds for which it is responsible within 45 days after the DOD.

## **REFUND POLICIES**

### **Institutional Pro Rata Refund Calculation and Policy**

When a student withdraws, the school must determine how much of the tuition and fees he/she is eligible to retain. The Pro Rata Refund Calculation and Policy is an institutional policy and is different from the Federal Financial Aid Return Policy and Return calculation; therefore, after both calculations are applied, a student may owe a debit balance (i.e. the student incurred more charges than he/she earned Title IV funds) to the school.

The school will perform the Pro Rata Refund Calculation for students who terminate their training before completing the period of enrollment. Under the Pro Rata Refund Calculation, the school is entitled to retain only the percentage of charges (tuition, room, board, etc.) proportional to the period of enrollment completed by the student. The period of enrollment completed by the student is calculated by dividing the total number of calendar days in the period of enrollment into the calendar days in the period as of the student's last date of attendance. The period of enrollment for students enrolled in modular programs is the academic year. The period of enrollment for students enrolled in quarter-based programs is the quarter. The refund is calculated using the following steps:

1. Determine the total charges for the period of enrollment.
2. Divide this figure by the total number of calendar days in the period of enrollment.
3. The answer to the calculation in step 2 is the daily charge for instruction.
4. The amount owed by the student for the purposes of calculating a refund is derived by multiplying the total calendar days in the period as of the student's last date of attendance by the daily charge for instruction and adding in any book or equipment charges.
5. The refund shall be any amount in excess of the figure derived in step 4 that was paid by the student.

### **TEXTBOOK AND EQUIPMENT RETURN/REFUND POLICY**

A student who was charged for and paid for textbooks, uniforms or equipment may return the unmarked and unopened textbooks, unworn uniforms or new equipment within 30 days following the date of the student's cancellation, termination or withdrawal. The school shall then refund the charges paid by the student. Uniforms that have been worn cannot be returned because of health and sanitary reasons. If the student fails to return unmarked and unopened textbooks, unworn uniforms or new equipment within 30 days, the school may retain the cost of the items that has been paid by the student. The student may then retain the equipment without further financial obligation to the school.

### **EFFECTS OF LEAVES OF ABSENCE ON REFUNDS**

If a student does not return from an approved leave of absence (where applicable) on the date indicated on the written request, monies will be refunded. The refund calculation will be based on the student's last date of attendance. The DOD is the date the student was scheduled to return.

### **TIME FRAME WITHIN WHICH INSTITUTION IS TO ISSUE REFUNDS**

Refunds will be issued within 30 days of either the date of determination or from the date that the applicant was not accepted by the school, whichever is applicable.

## **STUDENTS CALLED TO ACTIVE MILITARY DUTY**

### **Continuing Modular Diploma Students**

Continuing modular diploma students who have completed 50% or less of their program are entitled to a full refund of tuition, fees, and other charges paid. Such students who have completed more than 50% of their program are entitled to a strict institutional pro rata refund.

### **Continuing Quarter-Based Students**

If tuition and fees are collected in advance of the withdrawal, a strict institutional pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal for active military service.

## **STUDENT FINANCING OPTIONS**

Everest offers a variety of student financing options to help students finance their educational costs. Detailed information regarding financing options availability and the Financial Aid process can be obtained from the school's Student Financial Planning Literature. Information regarding other sources of financial assistance such as benefits available through the Bureau of Indian Affairs, Division of Vocational Rehabilitation, Veterans Assistance and State Programs can be obtained through those agencies.

### **Financial Assistance**

Financial assistance (aid) in the form of grants and loans is available to eligible applicants who have the ability and desire to benefit from the specialized program/training offered at the school.

### **Student Eligibility**

To receive financial assistance you must:

1. Usually, have financial need;
2. Be a U.S. citizen or eligible noncitizen;
3. Have a social security number;
4. If male, be registered with the Selective Service (if applicable);
5. If currently attending school, be making Satisfactory Academic Progress;
6. Be enrolled as a regular student in any of the school's eligible programs;
7. Not be in default on any federally-guaranteed loan;
8. Have a high school diploma or its equivalent, have completed homeschooling at the secondary level as defined by state law or qualify for admission under the Ability to Benefit Grandfathering Policy.

### **Federal Financial Aid Programs**

The following is a list of the Federal Financial Aid Programs available at the school. Additional information regarding these programs, eligibility requirements, the financial aid process and disbursement of aid can be obtained through the Student Financial Planning Brochure, the Student Finance Office, and the U.S. Department of Education's Guide to Federal Student Aid, which provides a detailed description of these programs. The guide is available online at:

[http://studentaid.ed.gov/students/publications/student\\_guide/index.html](http://studentaid.ed.gov/students/publications/student_guide/index.html)

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work Study (FWS)
- Federal Direct Stafford Loan (DL)
- Federal Direct Parent Loan for Undergraduate Students (PLUS)

### **Alternative Loan Programs**

If your primary financing option does not fully cover your program costs, alternative financing options can help bridge that financial gap. Private loan programs are convenient, affordable and easy to use.

- There are alternative loans provided by private lenders.
- The interest rate may be variable and the loan approved and origination fees may be based on credit
- Repayment terms may vary based on lender programs.
- Student may apply on their own or with a co-borrower.

Please see one of the Student Finance Planners for further information.

## GRANTS AND SCHOLARSHIPS

### Dream Award Program and Scholarships

Graduates of any Corinthian Colleges, Inc. (CCi) school may be nominated for the CCi-sponsored Dream Award program. Scholarship awards must be used within two years of the award and they are not transferrable nor can they be exchanged for cash.

**Campus Dream Award:** Each campus will nominate one recent graduate from the campus to represent the campus in the award competition. Nominations are accepted from April 1 to June 30 each year. Selection of the nominee is based on a review of recent graduates within the past three years by the Campus Selection Committee. The selected nominee should be a graduate whose life story could have gone in any direction, but whose decision to attend a CCi school was a turning point for them. The selected nominee should be an inspiration and motivation to other students. Each Campus Dream Award recipient will receive:

- A scholarship worth \$2,500 that may be used at any CCi campus for training that is more advanced than the one from which the nominee has graduated,
- A plaque, and
- \$100 Visa gift card.

**Regional and National Dream Award:** Following the close of the nomination period for the Campus Dream Award, the Regional and National recipients will be selected from the campus nominees by the divisional leadership and the executive management team.

The Regional winners will be selected from the pool of campus winners and will receive:

- A regional trophy, and
- \$1,000 Visa gift card.

The national award will be given to the nominee with the most compelling story and highest level of achievement. The award will be announced to the winner by the end of August and will be presented at the Fall CCi Presidents' Meeting. The award will include:

- A full scholarship that may be used at any CCi campus for training that is more advanced than the program from which the recipient has graduated,
- An all-expenses paid trip to the Fall Presidents' Meeting,
- \$2,500 Visa gift card,
- A trophy,
- A letter of recognition, and
- A nomination to the Association of Private Sector Colleges and Universities (APSCU) Great Award.

Additional information regarding this award and scholarship program may be requested from the Campus President.

### Workforce Scholarships and Grants, including Youth, Adult and Displaced Workers

Everest is recognized by many public and non-profit organizations as an approved institution to support state and local workforce education and employment initiatives. Therefore, if you are unemployed, under employed, or an otherwise eligible youth or adult, you may qualify for various workforce educational benefit programs. Eligibility criteria for workforce educational assistance and benefits available vary by state, community and school, so check with the funding organization to see if you qualify.

### 2012 Graduate Opportunity Scholarship

Students enrolled as of June 30, 2012 in any modular program (excluding surgical technologist) who ultimately graduate from those programs are entitled to receive a \$3,500, non-transferrable scholarship to be used as a tuition credit for any Everest Institute or Everest University program in the State of Florida in which such student enrolls and starts within one year following his or her graduation from such original modular program. Students should speak to their financial aid representative during the enrollment process to determine eligibility.

### Florida Student Assistance Grant (FSAG)

The Florida Student Assistance Grant (FSAG) is available only to Florida residents demonstrating financial need and meeting certain academic requirements. The FSAG has an early application deadline and is not readily available to all. Students are advised when applications may be submitted. It is not available to any student who has received a Bachelor's degree.

### Florida Bright Futures Scholarship Program

The Florida Bright Futures Scholarship Program establishes a lottery-funded scholarship to reward any Florida high school graduate who merits recognition of high academic achievement and who enrolls in an eligible Florida public or private post-secondary educational institution within three years of high school graduation. The program affects high school graduates as well as current award recipients who are now attending a post-secondary institution in Florida.

The Florida Bright Futures Scholarship Program is comprised of the following three awards:

1. Florida Academic Scholars (FAS) award
  - a. Including Academic Top Scholars (ATS) award
2. Florida Medallion Scholars (FMS) award
3. Florida Gold Seal Vocational Scholars (GSV) award

Eligibility criteria for the scholarship awards vary based on cumulative high school grade point average and SAT or ACT scores. Applications are distributed to potential applicants by high school guidance counselors or by contacting the Technical Assistance Unit of the Florida Department of Education at (888) 827-2004.

The award amount under each program varies depending on the institution that the student attends and the number of credit hours enrolled. The student should contact the Student Finance Department for information pertaining to the award amounts and additional eligibility requirements.

### **Florida Association of Proprietary Schools and Colleges (FAPSC) Scholarship**

Scholarships are available for graduating high school seniors and GED recipients. Applicants must complete an application, maintain a cumulative GPA of 2.0 or higher, and submit a 300-word essay answering three specific questions pertaining to the career field and institution they have chosen. Applicants may apply for no more than three scholarships at any single institution. Awarding of the scholarships is done through an evaluation committee assembled by FAPSC. Please contact the Student Finance Office for further details.

### **Imagine America Scholarship**

The campus participates in the Imagine America scholarship program administered by the Imagine America Foundation. The Imagine America scholarships are valued at \$1,000 each and may be awarded to graduating seniors from participating high schools. Applicants must graduate high school with a GPA of 2.5 or above and may be requested to demonstrate commitment to community service and/or demonstrate financial need. The high school guidance counselor and the high school principal select the students of their choice to receive the award. Certificates have to be signed by the counselor and principal to be valid.

Applicants may apply for this scholarship online at [www.imagine-america.org](http://www.imagine-america.org). Applicants may apply for this scholarship beginning January 1<sup>st</sup> of the year in which they graduate and scholarship certificates will be accepted until December 31<sup>st</sup> of the year in which they are awarded.

Imagine America scholarship certificates are to be given to the Student Finance Office prior to class commencement and are non-transferable and cannot be exchanged for cash. The scholarship cannot be used in conjunction with any of the other scholarships offered at the campus.

### **Veteran's Assistance Programs**

For information about U.S. Department of Veterans Affairs (VA) education benefits for veterans and their families, call (888)-GI-BILL-1 (888-442-4551) or visit [www.gibill.va.gov](http://www.gibill.va.gov). Each of the major benefits programs is described in detail in its own section of the VA's site.

## **ADMINISTRATIVE POLICIES**

### **STATEMENT OF NON-DISCRIMINATION**

Everest does not discriminate on the basis of race, color, religion, age, disability, sex, sexual orientation, national origin, citizenship status, gender identity or status, veteran or marital status in the administration of its educational and admissions policies, scholarship and loan programs, or other school-administered programs. In compliance with the Americans with Disabilities Act of 1990, as amended and Section 504, Everest provides qualified applicants and students who have disabilities with reasonable accommodations that do not impose undue hardship.

### **DISABILITY**

Everest complies with federal laws including Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, as amended. The Campus President has been designated the Section 504/ADA Coordinator and will coordinate the efforts of Everest to comply with all relevant disability laws. Inquiries should be directed to this person at the campus contact information located in this catalog.

### **DISABILITY ACCOMMODATION PROCEDURE**

Everest's disability accommodation procedure is a collaborative and interactive process between the student and the Section 504/ADA Coordinator. The student will meet with the Section 504/ADA Coordinator on campus to request and submit an Accommodation Request form and discuss disability related needs. The Section 504/ADA Coordinator is available to the student to assist with questions and provide assistance in filling out the Accommodations Request form. The student will provide a completed Accommodations Request form and documentation of their medical condition to the Section 504/ADA Coordinator for review. The documentation of a medical condition may be from a licensed medical doctor, psychologist, audiologist, speech pathologist, registered nurse, licensed clinical social worker, marriage and family therapist, rehabilitation counselor, physical therapist, learning disability specialist, or other appropriate health professional. This documentation should verify the medical condition and suggest appropriate accommodations for the student. If the accommodation is denied, the student is informed of their right to appeal the decision and the necessary steps to file an appeal.

To file an appeal the student should supply documentation and/or other evidence to substantiate the need for the denied accommodation(s). The evidence is submitted to the Section 504/ADA Coordinator with a new accommodation form marked appeal.

### **DISABILITY GRIEVANCE PROCEDURES**

A student initiates the Disability Grievance Procedure by contacting the Section 504/ADA Coordinator. The Section 504/ADA Coordinator will explain the complaint procedures and assist the student in filing a complaint. The complaint need only be a written letter containing allegations that specifically identify the discriminatory conduct, the person(s) who did it, and all witnesses the student believes can support the allegations. A complaint should be made as soon as the student believes he/she has been discriminated against, but no later than within 180 days of the date that the alleged discrimination occurred, or the date on which the student could reasonably have learned of the discrimination.

When a complaint is filed, the Section 504/ADA Coordinator begins an investigation within 14 days. The student, the accused, and any witnesses they identify are interviewed. Any relevant documents identified by these persons are reviewed. Within 45 days of the complaint, the Section 504/ADA Coordinator informs the student and accused in writing of sufficient or insufficient evidence to confirm the student's allegations, states the key facts, reasons why that conclusion was reached, and outlines any proposed resolution or corrective action if applicable. The student is also notified of the right to appeal the investigation conclusion. An appeal must be made in writing to the CCI Director of Academic Services, who may be reached at the Student Help Line number or email address below within 15 days of receiving notice about the investigation conclusion. Within 15 days of receiving the appeal, the CCI Director of Academic Services reviews the matter and provides a decision in writing.

Complaints are investigated in a manner that protects the privacy and confidentiality of the parties to the extent possible. No employee or agent of the school may intimidate, threaten, coerce or otherwise discriminate or retaliate against any individual because he or she has filed a complaint or participated in the complaint resolution process. If a student believes any such retaliation has occurred, a complaint of retaliation should be filed according to the procedure described above.

If the 504/ADA Coordinator is the subject of the grievance, the student should contact the Student Help Line at (800) 874-0255 or via email at [StudentServices@cci.edu](mailto:StudentServices@cci.edu). The Student Helpline in consultation with the appropriate Academic Services team member(s) will provide guidance to the student for initiating and submitting their grievance in writing to [StudentServices@cci.edu](mailto:StudentServices@cci.edu).

### **CODE OF STUDENT CONDUCT**

The Code of Student Conduct applies at all times to all students. As used in this Code, a student is any individual who has been accepted or is enrolled in school. Student status lasts until an individual graduates, is withdrawn, or is

otherwise not in attendance for more than 180 consecutive calendar days.

Everest seeks to create an environment that promotes integrity, academic achievement, and personal responsibility. All schools should be free from violence, threats and intimidation, and the rights, opportunities, and welfare of students must be protected at all times.

To this end, the following Code of Student Conduct sets forth the standards of behavior expected of students as well as the process that must be followed when a student is accused of violating those standards. Reasonable deviations from the procedures contained herein will not invalidate a decision or proceeding unless, at the sole discretion of the Campus President, the deviation(s) significantly prejudice the student. The Campus President (or Designee) is responsible for appropriately recording and enforcing the outcome of all disciplinary matters.

### **Conduct Affecting the Safety of the Campus Community**

Everest reserves the right to take all necessary and appropriate action to protect the safety and well-being of the campus community. The Campus President (or designee) may immediately suspend any student whose conduct threatens the health and/or safety of any person(s) or property. The suspension shall remain in effect until the matter is resolved through the disciplinary process. Such conduct includes, but is not limited to:

- Possessing alcohol or other intoxicants, drugs, firearms, explosives, weapons, dangerous devices, or dangerous chemicals on school premises
- Theft
- Vandalism or misuse of school or another's property
- Harassment or intimidation of others
- Endangerment, assault, or infliction of physical harm

### **Other Prohibited Conduct**

Additionally, disciplinary action may be initiated against any student(s) based upon reasonable suspicion of attempting to commit, or assisting in the commission of any of the following prohibited forms of conduct:

- Cheating, plagiarism, or other forms of academic dishonesty
- Forgery, falsification, alteration or misuse of documents, funds, or property
- Any disruptive or obstructive actions, including:
  - The use of cell phones or other electronic devices for voice or text communication in the classroom, unless permitted by the instructor
  - The inappropriate use of electronic or other devices to make an audio, video, or photographic record of any person while on school premises without his/her prior knowledge or effective consent
- Failure to comply with school policies or directives
- Any other action(s) that interfere with the learning environment or the rights of others
- Violations of local, state, provincial, or federal law

**Note:** This list is not exhaustive, but rather offers examples of unacceptable behavior which may result in disciplinary action.

### **Limitations on Students with Pending Disciplinary Matters**

Any student with a pending disciplinary matter shall not be allowed to:

- Enroll or attend classes at another Corinthian Colleges Inc. (CCi) school
- Graduate or participate in graduation ceremonies
- Engage in any other activities proscribed by the Campus President

Additionally, if a student withdraws from school at any point during the disciplinary process, the student is not eligible for readmission to any CCi school prior to resolving the outstanding disciplinary issue.

### **Inquiry by the Campus President**

If the Campus President (or designee), in his or her sole discretion, has reason to believe that a student has violated the Code of Student Conduct, the Campus President (or designee) shall conduct a reasonable inquiry and determine an appropriate course of action. If the Campus President (or designee) determines that a violation has not occurred, no further action shall be taken.

### **Conduct Which Does Not Warrant a Suspension or Dismissal**

If the Campus President (or designee), in his or her sole discretion, determines that the student's behavior may have violated this Code but does not warrant a suspension or dismissal, the Campus President (or designee) shall promptly provide the student with a written warning. Multiple written warnings may result in a suspension or dismissal.

### **Conduct Which Warrants a Suspension or Dismissal**

If the Campus President (or designee), in his or her sole discretion, determines that the student's behavior warrants a suspension or dismissal, the Campus President (or designee) shall promptly provide the student with a

written notice of the following:

- The conduct for which the sanction is being imposed;
- The specific sanction being imposed;
- The right to appeal if a written request is filed by the student within (5) calendar days of the date of the written notice.

### **ALCOHOL AND SUBSTANCE ABUSE STATEMENT**

Everest does not permit or condone the use or possession of marijuana, alcohol or any other illegal drug, narcotic or controlled substance by students. Possession of these substances on campus is cause for dismissal.

### **STUDENT USE OF INFORMATION TECHNOLOGY RESOURCES POLICY**

IT resources may only be used for legitimate purposes, and may not be used for any other purpose which is illegal, unethical, dishonest, damaging to the reputation of the school, or likely to subject the school to liability. Impermissible uses include, but are not limited to:

- Harassment
- Libel or slander
- Fraud or misrepresentation
- Any use that violates local, state/provincial, or federal law and regulation
- Disruption or unauthorized monitoring of electronic communications
- Disruption or unauthorized changes to the configuration of antivirus software or any other security monitoring software
- Unauthorized copying, downloading, file sharing, or transmission of copyright-protected material, including music
- Violations of licensing agreements
- Accessing another person's account without permission
- Introducing computer viruses, worms, Trojan Horses, or other programs that are harmful to computer systems, computers, or software
- The use of restricted access computer resources or electronic information without or beyond a user's level of authorization
- Providing information about or lists of CCI users or students to parties outside CCI without expressed written permission
- Downloading or storing company or student private information on portable computers or mobile storage devices
- Making computing resources available to any person or entity not affiliated with the school
- Posting, downloading, viewing, or sending obscene, pornographic, sexually explicit, hate related, or other offensive material
- Academic dishonesty as defined in the Code of Student Code
- Use of CCI logos, trademarks, or copyrights without prior approval
- Use for private business or commercial purposes.

### **COPYRIGHT POLICY**

It is the intention of Everest to strictly enforce a policy of zero tolerance for copyright violations and to comply with all applicable laws and regulations. Any student who engages in the unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, is subject to disciplinary actions by the school, or any applicable actions in conjunction with federal and state law.

### **SEXUAL HARASSMENT POLICY**

Everest strives to provide and maintain an environment free of all forms of harassment. Behavior toward any student by a member of the staff, faculty or student body that constitutes unwelcome sexual advances will be dealt with quickly and vigorously and will result in disciplinary action up to and including dismissal. Any student who believes that he or she is a victim of sexual harassment should immediately notify the office of the Campus President. The Campus President will conduct an investigation of all allegations. Information surrounding all complaints will be documented and kept strictly confidential.

### **SANCTIONS**

Sanctions should be commensurate with the nature of the student's conduct. All sanctions imposed should be designed to discourage the student from engaging in future misconduct and whenever possible should draw upon educational resources to bring about a lasting and reasoned change in behavior.

**Suspension** – A sanction by which the student is not allowed to attend class for a specific period of time. Satisfactory completion of certain conditions may be required prior to the student's return at the end of the

suspension period. During a period of suspension, a student shall not be admitted to any other CCI school.

**Note:** Student absences resulting from a suspension shall remain in the attendance record regardless of the outcome of any disciplinary investigation or the decision of the Student Conduct Committee.

**Dismissal** – A sanction by which the student is withdrawn from school. Such students may only reapply for admission with the approval of the Campus President. Students dismissed from the school remain responsible for any outstanding balance owed to the school.

## **APPEAL PROCESS**

Students are entitled to appeal any sanction which results in suspension or dismissal. The appeal must be in writing and filed within five (5) calendar days of the date of the written notice. If the student files a timely appeal, the Campus President (or designee) shall convene a Student Conduct Committee to conduct the hearing. The Committee shall generally include the Campus President the Academic Dean/Director of Education, a Program or Department Chair, the Student Services Coordinator, or a faculty member. The members of the Committee shall select a Chair. If the alleged violation involves allegations of sexual misconduct committed against faculty or staff, the Committee must include a representative from Corporate or Division Human Resources.

The Committee Chair shall timely schedule a hearing date, and provide written notice to the student. The notice must be mailed or otherwise delivered to the student at least two (2) calendar days prior to the scheduled hearing date, and include notice that the student may:

- Appear in person, but is not required to appear
- Submit a written statement
- Respond to evidence and question the statements of others
- Invite relevant witnesses to testify on his/her behalf
- Submit written statements signed by relevant witnesses

Attendance at the hearing is limited to those directly involved or those requested to appear. Hearings are not open to the public and are not recorded.

The Student Conduct Committee shall:

- Provide the student a full and reasonable opportunity to explain his/her conduct
- Invite relevant witnesses to testify or submit signed statements
- Reach a decision based upon the information submitted prior to the hearing and the testimony and information of the student and witnesses at the hearing
- If the student does not appear, or elects not to appear, the Committee may proceed in the student's absence and the decision will have the same force and effect as if the student had been present

The Student Conduct Committee shall issue a written decision to the student within five (5) calendar days of the date of the hearing which may:

- Affirm the finding and sanction imposed by the Campus President (or designee)
- Affirm the finding and modify the sanction. Sanctions may only be reduced if found to be grossly disproportionate to the offense
- Disagree with the previous finding and sanction and dismiss the matter. A matter may be dismissed only if the original finding is found to be arbitrary and capricious

The decision of the Student Conduct Committee is final, and no further appeal is permitted.

## **RECORD OF DISCIPLINARY MATTER**

All disciplinary files shall be kept separate from the student academic files until resolved. Disciplinary files for students who have violated the Code of Student Conduct shall be retained as part of the student's academic file and considered "education records" as appropriate, pursuant to the Family Educational Rights and Privacy Act (FERPA). Disciplinary records shall be retained in the student's academic file permanently and a note shall be included in the official student information system indicating the date of the disciplinary decision and the sanction imposed.

When circumstances warrant, disciplinary matters shall be referred to the appropriate law enforcement authorities. Additionally, disciplinary records shall be reported to third parties as applicable (e.g. Veteran's Administration).

## **STUDENT COMPLAINT PROCEDURE**

Complaints are defined as any student concern regarding school programs, services, or staff not addressed by other school policies. Students have the right to file a complaint with the school at any time. Students are encouraged to first attempt to informally resolve their complaint with the instructor or staff member in the department most directly connected with their complaint. Students who are unable to resolve their complaint informally should submit their complaint in writing to the Campus President. The President will meet with the student to discuss the complaint and provide the student with a written response within seven (7) calendar days of the meeting. Students who are not satisfied with the response of the President may contact the Student Help Line at (800) 874-0255 or email at [studentservices@cci.edu](mailto:studentservices@cci.edu).

If a student feels that the school has not adequately addressed a complaint or concern, the student may consider contacting the Accrediting Council for Independent Colleges and Schools. All complaints considered by the Council, must be in written form, with permission from the complainant(s) for the Council to forward a copy of the complaint to the school for a response. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Council. Please direct all inquiries to:

Accrediting Council for Independent Colleges and Schools  
750 1<sup>st</sup> Street NE, Suite 980  
Washington, DC 20002  
(202) 336-6780, (202) 842-2593 (fax)

Students may also contact and file a complaint with the state's agency and the state's Attorney General's Office at the following mailing addresses:

The Commission for Independent Education  
Florida Department of Education  
325 West Gaines Street, Suite #1414  
Tallahassee, FL 32399-0400  
Toll free number (888) 224-6684

Office of the Attorney General  
PL-01 The Capitol  
Tallahassee, FL 32399-1050  
Ph: 850-414-3990  
Toll Free within Florida: 866-966-7226  
Website: <http://myfloridalegal.com>

## **DRESS CODE**

Students must adhere to the campus dress code standards and are expected to dress in a manner that would not be construed as detrimental to the student body, the educational process or wear any clothing which has expressed or implied offensive symbols or language. Students should always be cognizant of the first impression of proper dress code and grooming, and note that Everest promotes a professional atmosphere. In addition, students may be required to wear uniforms that present a professional appearance.

## **NOTIFICATION OF RIGHTS UNDER FERPA**

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records\*. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the institution receives a request for access.

A student should submit to the Registrar's Office a written request that identifies the record(s) the student wishes to inspect. The Registrar will make arrangements for access and will notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, the Registrar shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA.  
A student who wishes to ask the institution to amend a record should write to the Registrar, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the institution decides not to amend the record as requested, the institution will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the institution discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The institution discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the institution in an administrative, supervisory, academic or research, or support staff position; a person or company with whom the institution has contracted as its agent to provide a service instead of using institution employees or officials (such as an attorney, auditor, collection agent, campus security personnel and a health provider); a person serving the institution in an advisory capacity; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks, or an accreditor or an official of the state's department of education. Please note that in certain circumstances, such as with an infectious disease health threat or security threat, the school may disclose individually identifiable information without notice.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the institution.

Upon request, the institution also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

CCi is committed to the protection of student education information. While CCi does not publish a student directory, from time to time the school publishes communications, such as graduation and honor roll lists, that include CCi-designated directory information. CCi expressly limits its designated directory information to students' names, graduation, programs of study, degrees, diplomas, certificates and honors received. A student who wishes not to be included in the campus publications referenced above must obtain an Opt-Out form from the Registrar's Office and submit the completed form to the Registrar.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the institution to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202

## **STUDENT RECORDS**

All student academic records are retained, secured, and disposed of in accordance with local, state, and federal regulations. Everest maintains complete records for each student, including grades, attendance, prior education and training, placement, financial aid and awards received. Student records should be maintained on campus for five years.

## **TRANSCRIPT AND DIPLOMA RELEASE**

Student academic transcripts are available upon written request by the student. Student records may be released only to the student or his/her designee as directed by the Family Educational Rights and Privacy Act of 1974.

Transcript and diploma requests must be made in writing to the Office of the Registrar. Official transcripts will be released to students who are current with their financial obligation to the school. Diplomas will be released to students who are current with their financial obligation upon completion of their school program.

## **CAMPUS SECURITY AND CRIME AWARENESS POLICIES**

As required by Public Law 101-542, as amended by Public Law 102-325, Title II, Crime Awareness and Campus Security Act of 1990, Section 294, Policy and Statistical Disclosures, Everest has established policies regarding campus security.

Everest strives to provide its students with a secure and safe environment. Classrooms and laboratories comply with the requirements of the various federal, state and local building codes, with the Board of Health and Fire Marshal regulations. Most campuses are equipped with alarm systems to prevent unauthorized entry. Facilities are opened each morning and closed each evening by administrative personnel.

In emergency situations, students should call 911 for an immediate response from the local law enforcement agency. Thereafter, the crime should be reported to the Campus President (or designee). In non-emergency situations, the crime should be reported as soon as possible to the Campus President (or designee) and the local law enforcement agency. All students are encouraged to report all crimes and public safety incidents to the Campus President (or designee) in a timely manner. The Campus President (or designee) shall document each incident reported and determine an appropriate response based on the nature of the incident. All victims of crime that occur on campus shall be provided with the opportunity to report the incidents to the local law enforcement authority.

Students are responsible for their own security and safety both on-campus and off-campus and must be considerate of the security and safety of others. The school has no responsibility or obligation for any personal belongings that are lost, stolen or damaged, whether on or off school premises or during any school activities.

On May 17, 1996, the President of the United States signed Megan's Law into federal law. As a result, local law enforcement agencies in all 50 states must notify schools, day care centers, and parents about the presence of dangerous offenders in their area. Students are advised that the best source of information on the registered sex offenders in the community is the local sheriff's office or police department. The following link will provide you with a list of the most recent updated online information regarding registered sex offenders by state and county: <http://www.fbi.gov/hq/cid/cac/registry.htm>.

## **DRUG-FREE SCHOOLS POLICY**

The Drug-Free Schools and Communities Act of 1989, Public Law 101-226, requires institutions receiving financial assistance to implement and enforce drug prevention programs and policies. Students shall receive a copy of the Drug-Free Schools/Drug-Free Workplace Annual Disclosure upon enrollment, and thereafter no later than

January 31<sup>st</sup> of each calendar year they are enrolled. The information and referral line that directs callers to treatment centers in the local community is available through Student Services.

Everest prohibits the manufacture and unlawful possession, use or distribution of illicit drugs or alcohol by students on its property and at any school activity. If students suspect someone to be under the influence of any drug or alcohol, they should immediately bring this concern to the attention of the Academic Dean/Director of Education or Campus President. Students who violate the school's prohibitions against alcohol, controlled substances, and drugs are subject to disciplinary action up to and including dismissal from the school. Information on the disciplinary process may be found in the school catalog. When circumstances warrant, a violation of this policy may also be referred to the appropriate law enforcement authorities.

In certain cases, students may be referred to counseling sources or substance abuse centers. If such a referral is made, continued enrollment is subject to successful completion of any prescribed counseling or treatment program.

## **STATISTICAL INFORMATION**

Everest is required to report to students the occurrence of various criminal offenses on an annual basis. On or before October 1<sup>st</sup> of each year, the school will distribute a security report to students containing the required statistical information on campus crimes committed during the previous three years. A copy of this report is available to prospective students upon request.

## **CAMPUS COMPLETION RATE REPORTS**

Under the Student Right to Know Act (20 U.S.C. § 1092(a)), Everest is required to annually prepare completion or graduation rate data respecting the institution's first-time, full-time undergraduate students (34 CFR 668.45(a)(1)). Everest is required to make this completion or graduation rate data readily available to students approximately 12 months after the 150% point for program completion or graduation for a particular cohort of students. This completion rate report is available to students and prospective students upon request.

# **STUDENT SERVICES**

## **ORIENTATION**

New students participate in an orientation program prior to beginning classes. This program is designed to acquaint students with the policies of the school and introduce them to staff and faculty members who will play an important part in the students' academic progress.

## **HEALTH SERVICES**

Everest does not provide health services.

## **HOUSING**

Everest does not provide on-campus housing; however, it does assist students in locating suitable housing off campus. For a list of available housing, students should contact the Student Services Department.

## **STUDENT ADVISING**

Academic advising is coordinated by the Academic Dean/Director of Education and includes satisfactory academic progress and attendance. The Registrar and Academic Program Directors serve as advisors and assist students in course selection and registration, dropping and adding courses, change of major, and meeting graduation requirements.

## **EVEREST CARE PROGRAM**

The Everest CARE Student Assistance Program is a free personal-support program for our students and their families. This program provides enrolled students direct and confidential access to professional counseling. For more information, please visit the website <http://www.everestcares.com> or call (888) 852-6238.

## **PLACEMENT ASSISTANCE**

Everest maintains an active Career Services Office to assist graduates in locating entry-level, educationally related career opportunities. The Career Services Office works directly with business, industry, and advisory board members to assist all students with access to the marketplace. Everest does not, in any way, guarantee employment. It is the goal of the Career Services Office to help all students realize a high degree of personal and professional development and successful employment. Specific information on job opportunities and basic criteria applicable to all students and graduates utilizing placement services is available by contacting the Career Services Office.

## PROGRAMS OFFERED

<b>PROGRAM</b>	<b>CREDENTIAL</b>
Business Sales and Customer Service	Diploma
Criminal Justice Private and Homeland Security	Diploma
Medical Assistant	Diploma
Medical Insurance Billing and Coding	Diploma
Patient Care Technician	Diploma
Pharmacy Technician	Diploma
Surgical Technologist	Diploma
Accounting	Associate in Science Degree
Applied Management	Associate in Science Degree
Business	Associate in Science Degree
Criminal Justice	Associate in Science Degree

## MODULAR PROGRAMS

### **BUSINESS SALES AND CUSTOMER SERVICE**

Diploma Program  
36 Weeks – 900 Hours, 78 Credits

V 1-0

The Sales and Customer Service program is a uniquely designed “Work-Force Ready” training program aimed to deliver what employers are looking for today: (1) sales and customer service fundamentals, (2) soft skills / professional skills, (3) Microsoft certification, and (4) an education.

The Sales and Customer Service Program provides students the basic foundation and technical skill sets required for an entry level Sales and Customer Service job. The program explores the soft and professional skills for the Sales and Customer Service professional, and prepares students for key certification exams widely recognized in the business world.

The Sales and Customer Service program helps prepare students for careers such as Sales Representative, Sales Associate, Assistant Sales Manager, Sales Manager, Marketing Representative, Account Manager, Account Executive, Customer Service Representative / Associate / Agent, and Member Service Representative, to name a few.

This program consists of nine (9) units of learning called modules. Student must successfully complete the two 1000-level modules before moving on to the 2000-level modules. Upon completion of the 2000-level modules, students will move on to the 3000-level modules.

Upon successful completion of all areas of the Sales and Customer Service program, students will be awarded a diploma. Microsoft certification is not a requirement for program completion.

#### **BUCO 1001 - Computer Applications**

**8.0 Quarter Credit Units**

This course introduces the essential concepts necessary to make effective use of the computer. Students achieve an understanding of what a computer can do, how it works, and how it can be used to create documents using word processing and spreadsheet applications for personal and business use. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: None.

#### **BUCO 1002 - Introduction to Business Writing**

**8.0 Quarter Credit Units**

In this Module, students will explore business writing from the ground up. A comprehensive overview of basic sentence structure, grammar, punctuation, and capitalization punctuation is provided. In addition, students will explore the writing process and writing style as they both apply to the development, editing, and formatting of business documents. Students will create a variety of business documents including email messages, memos, letters, business reports, proposals, and employment-related documents. Multimedia presentations and web-based communications are also discussed. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: None.

<p><b>BUCO 2001 - Introduction to Business</b></p> <p>This course is an introduction to the terminology, functions, and procedures related to the organization and operation of a business enterprise as an institution in an economic society. Particular emphasis is given to accounting, ownership, human resources, marketing, and managerial functions within the business enterprise. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 100.0 Lab Hours: 0.0 Outside Hours: 25.0. Prerequisites: BUCO 1001 and BUCO 1002.</p>	<p><b>10.0 Quarter Credit Units</b></p>
<p><b>BUCO 2002 - Applied Word Processing</b></p> <p>This course covers the various techniques used in intermediate to advanced word processing. Emphasis will be placed on using and creating templates, developing multi-page documents, building forms, and working with charts and diagrams. In addition, students will learn document collaboration techniques and customization with macros. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: BUCO 1001 and BUCO 1002.</p>	<p><b>8.0 Quarter Credit Units</b></p>
<p><b>BUCO 2003 - Applied Spreadsheets</b></p> <p>This course covers the various techniques used in developing spreadsheet applications for business information tracking and analysis. Course topics include using formulas, employing creative formatting, and using charts. Additional skills coverage includes use of graphics, developing pivot tables, and managing lists. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: BUCO 1001 and BUCO 1002.</p>	<p><b>8.0 Quarter Credit Units</b></p>
<p><b>BUCO 2004 - Customer Relations and Servicing</b></p> <p>Explores the basic functions relating to customers on a one-on-one basis. It teaches the skills needed to work with people to enhance the company, its public image, and satisfy the client or customer. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 100.0 Lab Hours: 0.0 Outside Hours: 25.0. Prerequisites: BUCO 1001 and BUCO 1002.</p>	<p><b>10.0 Quarter Credit Units</b></p>
<p><b>BUCO 3001 - Certification Preparation</b></p> <p>In this Module students will explore Microsoft Word and Microsoft Excel in a comprehensive manner. Each software application will be covered from basic document creation through advanced formatting and automation. This course is intended to prepare students for Microsoft Word and Microsoft Excel certification exams. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40.0 Lab Hours: 60.0 Outside Hours: 25.0. Prerequisites: BUCO 2001, BUCO 2002, BUCO 2003 and BUCO 2004.</p>	<p><b>7.0 Quarter Credit Units</b></p>
<p><b>BUSC 3001 - Introduction to Sales and Sales Techniques</b></p> <p>In this Module students will explore sales and sales techniques from different perspectives. Selling models and a variety of sales-related strategies are discussed in detail. Communication styles, interpersonal skills, and ethics are reviewed as they relate to the sales process and customer interactions. Students will also examine procedures related to prospect information, the buying process, closing sales, and providing excellent customer service. Finally, management strategies used to run effective sales organizations are addressed. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 100.0 Lab Hours: 0.0 Outside Hours: 25.0. Prerequisites: BUCO 2001, BUCO 2002, BUCO 2003 and BUCO 2004.</p>	<p><b>10.0 Quarter Credit Units</b></p>
<p><b>BUSC 3002 - Business Communications</b></p> <p>Practical written communication skills for business are studied in this advanced course. This course includes the mechanics and principles of effective letter writing and methods of researching and compiling reports. Focus is on a better understanding of writing styles appropriate to the business world. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 80.0 Lab Hours: 20.0 Outside Hours: 25.0. Prerequisites: BUCO 2001, BUCO 2002, BUCO 2003 and BUCO 2004.</p>	<p><b>9.0 Quarter Credit Units</b></p>

## CRIMINAL JUSTICE – PRIVATE AND HOMELAND SECURITY

Diploma Program  
36 Weeks – 900 Hours, 74 Credits

V 1.0

This program consists of three (3) pre-requisite modules, four (4) self-contained modules and two (2) post-requisite modules. The first three modules provide foundational skills for all Criminal Justice diploma students and must be successfully completed before moving on to the next four modules. The next four modules deliver essential knowledge for all Criminal Justice diploma students and must be successfully completed before moving on to the two post-requisite modules. The two post-requisite modules are designed to prepare students for jobs in the Security sector of the Criminal Justice field.

In this program, students will receive training in the basic skills required of entry-level workers in the field of Criminal Justice as well as the Security sector. In addition to covering foundational skills in written, oral and interpersonal communication, the program includes coursework in Computer Applications, Criminology, Criminal Procedure, Criminal Investigation, Private Security and Terrorism. The curriculum also addresses such topics as Ethics & Etiquette in the Workplace and Job Search & Interviewing Skills.

Upon successful completion of the program, graduates will be prepared for entry-level positions in Criminal Justice and Security, including Security Officers, Loss Prevention Specialists, Records Clerks and Legal Administrators.

This program consists of nine units of learning called modules. Each module is four (4) weeks in length.

Module ID and Title	Lecture Hours	Lab Hours	Total Hours	Total Weeks	Total Credits

### **CJCO 1001 - Introduction to Criminal Justice**

**10.0 Quarter Credit Units**

This module provides an overview and introduction to criminal justice. Focus on the nature of crime, law and criminal justice, the police and law enforcement, the makeup of the courts, the adjudication system, the issues facing police, corrections, and a review of the nature and history of the juvenile justice system. This module also provides an overview of employment in the criminal justice field. Topics include careers in criminal justice, the economy and job market, professional skills required to work in the criminal justice field, the culture of law enforcement, and the political nature of the criminal justice system. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 100.0 Lab Hours: 0.0 Outside Hours: 25.0. Prerequisites: None.

### **CJCO 1002 - Composition for the CJ Professional**

**8.0 Quarter Credit Units**

This module provides instruction and practice in expository writing and emphasizes grammatical and mechanical accuracy and proper essay form. Emphasis is placed on clarity, logical organization, unity, and coherence of central ideas and supporting material, both in general and in the law enforcement environment. This module also covers the basics of legal research, legal writing, and legal analysis for the legal assistant. Students learn to use a law library, perform legal research, analyze legal problems, and write a legal memorandum. Students are taught to locate and use primary, secondary, and CALR legal research sources to solve legal problems. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: None.

<b>CJCO 1003 - Interpersonal Communication for the CJ Professional</b>	<b>8.0 Quarter Credit Units</b>
This module will introduce students to proper communication techniques within the community and the law enforcement environment. Interviewing techniques; written communication, report writing; and testimony will be a part of this course. Emphasis is placed upon the basic elements of communication in order to strengthen students' interpersonal and professional speaking skills. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: None.	
<b>CJCO 2001 - Criminology</b>	<b>8.0 Quarter Credit Units</b>
This module covers the study of crime, causes of crime, types of crime, crime prevention strategies, and society's response to crime. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: CJCO 1001 and CJCO 1002.	
<b>CJCO 2002 - Criminal Procedure and the Constitution</b>	<b>8.0 Quarter Credit Units</b>
This module covers the Constitutional aspects of criminal procedure. Students will learn procedural aspects of the criminal system from arrest or summons through pretrial motions, trial, post-conviction and appellate processes. This module includes a study of the Constitution at work in the court system with current applications. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: CJCO 1001 and CJCO 1002.	
<b>CJCO 2003 - Criminal Investigations</b>	<b>8.0 Quarter Credit Units</b>
In this module, students learn basic investigative techniques as it relates to taking witness statements, interviews, and reports. An overview of police procedures is also included. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: CJCO 1001 and CJCO 1002.	
<b>CJCO 2004 - Computer Applications</b>	<b>8.0 Quarter Credit Units</b>
This module introduces the essential concepts necessary to make effective use of the computer. Students achieve an understanding of what a computer can do, how it works, and how it can be used to create documents using word processing and spreadsheet applications for personal and business use. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: CJCO 1001 and CJCO 1002.	
<b>CJPH 3001 - Fundamentals of Private Security</b>	<b>8.0 Quarter Credit Units</b>
This module includes a broad overview of the Federal Emergency Management Agency procedures and security planning techniques. In addition, this module will help students develop skills in interviewing and interrogation techniques, intelligence gathering, surveillances, perimeter and crime scene security, criminal evidence preservation and collection, and principles of crowd and riot control. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: CJCO 2001, CJCO 2002, CJCO 2003 and CJCO 2004.	
<b>CJPH 3002 - Terrorism &amp; Security Certification</b>	<b>8.0 Quarter Credit Units</b>
Students in this module gain a valuable overview of terrorism: its history, current activities, and projected future. Topics include domestic and international terrorism, terrorist training, weapons of mass destruction, and defenses against terrorism, legal aspects, and the impact of the media. Students will also prepare for key certifications in the security field. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 60.0 Lab Hours: 40.0 Outside Hours: 25.0. Prerequisites: CJCO 2001, CJCO 2002, CJCO 2003 and CJCO 2004.	

**MEDICAL ASSISTANT**  
 Diploma Program  
 41 Weeks – 920 Hours, 60 Credits

V 2.0

In recent years, the medical assisting profession has become indispensable to the health care field. Physicians have become more reliant on medical assistants for their front and back office skills. Medical offices and ambulatory care providers, clinics, urgent care centers and insurance providers are seeking their services.

The Medical Assistant diploma program is designed to prepare students for entry-level positions as medical assistants in a variety of health care settings. Students learn the structure and function of the major body systems in conjunction with medical terminology, diagnostic and therapeutic procedures, computer skills, administrative processes, bookkeeping and accounting practices, and the processing of medical insurance forms and claims.

The goal of the Medical Assistant diploma program is to prepare competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains required and necessary to prepare them for entry level positions such as clinical or administrative assistant, medical receptionist, and medical insurance biller.

**Note:** Medical Assistant graduates are immediately eligible to sit for the Registered Medical Assistant or Certified Medical Assistant Examinations. Candidates who pass the exam are considered Registered Medical Assistants (RMA) or Certified Medical Assistants (CMA).

Module Code	Modular Title	Clock Hours	Quarter Credit Units
Module MAINTRO	Introduction to Medical Assisting	80	6.0
Module A	Integumentary, Sensory, and Nervous Systems, Patient Care and Communication	80	6.0
Module B	Muscular System, Infection Control, Minor Office Surgery, and Pharmacology	80	6.0
Module C	Digestive System, Nutrition, Financial Management, and First Aid	80	6.0
Module D	Cardiopulmonary Systems, Vital Signs, Electrocardiography, and CPR	80	6.0
Module E	Urinary, Blood, Lymphatic, and Immune Systems and Laboratory Procedures	80	6.0
Module F	Endocrine, Skeletal, and Reproductive Systems, Pediatrics, and Geriatrics	80	6.0
Module G	Medical Law and Ethics, Psychology, and Therapeutic Procedures	80	6.0
Module H	Health Insurance Basics, Claims Processing, and Computerized Billing	80	6.0
Module X	Medical Assistant Diploma Program Externship	200	6.0
<b>Total</b>		<b>920</b>	<b>60.0</b>

<p><b>Module MAINTRO - Introduction to Medical Assisting</b></p> <p>Module MAINTRO introduces students to the medical assistant profession, medical terminology, interpersonal skills, study techniques, and basic clinical skills. Students are introduced to the rules needed to build, spell, and pronounce health care terms, basic prefixes, suffixes, word roots, combining forms, and terms associated with body structure and directional terminology. Students study the professional qualities and professional personal appearance of a medical assistant. They learn about the administrative and clinical duties performed by a medical assistant. Additionally, students study the purpose of accreditation and the significance of becoming credentialed professional. Students also study the importance of interpersonal skills and the application of these skills with patients and fellow employees. Students will gain knowledge of basic medical insurance billing, coding concepts, and the use of coding reference books. Students are introduced to the basic clinical skills of obtaining vital signs, drawing and processing blood samples, and preparing and administering injections - procedures that they will continue to practice throughout the remaining modules. Students learn how to use knowledge of multiple intelligences to enhance studying and learning and how to make their personality type work for them. Successful note-taking and listening skills are reviewed, as well as techniques for remembering. Students also gain knowledge of test-taking strategies, including methods that can be used for reducing test anxiety. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40 Clinical Lab Hours: 40 Outside Hours: 20 Prerequisite: None</p>	<p><b>6.0 Quarter Credit Units</b></p>
--	--

**Module A - Integumentary, Sensory, and Nervous Systems, Patient Care and Communication****6.0 Quarter Credit Units**

Module A emphasizes patient care, including physical examinations and procedures related to the eyes and ears, the nervous system, and the integumentary system. Students will have an opportunity to work with and review patient charts and perform front office skills related to records management, appointment scheduling, and bookkeeping. Students gain skills in communication (verbal and nonverbal) when working with patients both on the phone and in person. Students develop working knowledge of basic anatomy and physiology of the special senses (eyes and ears), nervous and integumentary system, common diseases and disorders, and medical terminology related to these systems. Students check vital signs, obtain blood samples, and prepare and administer injections. Also introduced are strategies for dealing with change, setting goals, and getting motivated. Students learn how to prepare an attractive business letter, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40 Clinical Lab Hours: 30 Computer Lab Hours: 10 Outside Hours: 20 Prerequisite: MAINTRO

**Module B - Muscular System, Infection Control, Minor Office Surgery, and Pharmacology****6.0 Quarter Credit Units**

Module B stresses the importance of asepsis and sterile technique in today's health care environment, along with the proper use of personal protective equipment. Students learn about basic bacteriology and its relationship to infection and disease control. Students identify the purpose and expectations of the Occupational Health and Safety Administration (OSHA) and the Clinical Laboratory Improvement Amendments (CLIA) regarding disease transmission in the medical facility. Students study basic math concepts to prepare for medication dosage calculations. Students learn the principles and various methods of administering medication. Basic pharmacology and the uses, inventory, classification, and effects of therapeutic drugs are included. Students participate in the positioning and draping of patients for various examinations and prepare for assisting with minor office surgical procedures. Students gain knowledge of basic anatomy and physiology of the muscular system, common diseases and disorders, and medical terminology related to this system. Students check vital signs, obtain blood samples, and prepare and administer injections. Also introduced are strategies for setting and accomplishing personal goals, along with how to succeed in accomplishing these goals. Students describe how to handle numbers, symbols, and abbreviations in transcribed material and demonstrate increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40 Clinical Lab Hours: 30 Computer Lab Hours: 10 Outside Hours: 20 Prerequisite: MAINTRO

**Module C - Digestive System, Nutrition, Financial Management, and First Aid****6.0 Quarter Credit Units**

Module C introduces students to the health care environment, office emergencies, and first aid, with an emphasis on bandaging techniques for wounds and injuries. Students will discuss types of disasters and the medical assistant's role in emergency preparedness and assisting during and after a disaster. Students learn bookkeeping procedures, accounts receivable and payable, financial management, banking, and check-writing procedures essential to the successful operation of the medical office. Students study the administrative and clinical uses of the electronic health record. Students develop working knowledge of good health, nutrition, weight control, and strategies in promoting good health in patients. They acquire knowledge of basic anatomy and physiology, common diseases and disorders, and medical terminology of the digestive system. Students check vital signs, obtain blood samples, and prepare and administer injections. They are introduced to strategies for building active reading and comprehension skills, along with techniques for managing time. Students practice transcribing accurate medical record notes and correcting erroneous entries, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40 Clinical Lab Hours: 30 Computer Lab Hours: 10 Outside Hours: 20 Prerequisite: MAINTRO

**Module D - Cardiopulmonary Systems, Vital Signs, Electrocardiography, and CPR****6.0 Quarter Credit Units**

Module D examines the circulatory and respiratory systems, including the structure and function of the heart and lungs, along with diseases, disorders, diagnostic tests, anatomy and physiology, and medical terminology associated with these systems. Students apply knowledge of the electrical pathways of the heart muscle in preparation for applying electrocardiography leads and recording a 12-lead electrocardiogram (ECG). Students receive instruction in cardiopulmonary resuscitation (CPR) and the use of an automated external defibrillator (AED), which enables them to respond to cardiac emergencies. Students check vital signs and differentiate between normal values for pediatric and adult patients. Students obtain blood samples and prepare and administer injections. Students will discuss how to apply critical and creative thinking skills to analyzing and problem solving in the workplace and everyday life. Students study the preparation of a History and Physical examination report, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the

identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40  
Clinical Lab Hours: 30 Computer Lab Hours: 10 Outside Hours: 20 Prerequisite: MAINTRO

**Module E - Urinary, Blood, Lymphatic, and Immune Systems and Laboratory Procedures**

**6.0 Quarter Credit Units**

Module E introduces microbiology and laboratory procedures commonly performed in a physician's office or medical clinic. Students learn specimen identification, collection, handling and transportation procedures and practice venipuncture and routine diagnostic hematology. Maintenance and care of laboratory equipment and supplies are discussed. Students gain working knowledge of radiology and nuclear medicine, in addition to various radiological examinations and patient preparation for these exams. Anatomy and physiology of the urinary system and the body's immunity, including the structure and functions, as well as common diagnostic exams and disorders related to these systems, is presented. Students perform common laboratory tests, check vital signs, and perform selected invasive procedures. Students learn essential medical terminology related to the body systems and topics introduced in the module. Students learn the skills involved in organizing and writing a paper. Students transcribe miscellaneous medical reports, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40 Clinical Lab Hours: 30 Computer Lab Hours: 10 Outside Hours: 20 Prerequisite: MAINTRO

**Module F - Endocrine, Skeletal, and Reproductive Systems, Pediatrics, and Geriatrics**

**6.0 Quarter Credit Units**

Module F covers general anatomy and physiology, including an overview of the study of biology and the various body structures and systems. This module also examines the anatomy, physiology, and functions of the skeletal, endocrine, and reproductive systems, along with medical terminology associated with these systems. Students learn about child growth and development. They develop working knowledge of the skills necessary to assist in a pediatrician's office and learn the important differences that are specific to the pediatric field. Some of the skills students learn in this area are height and weight measurements and restraining techniques used for infants and children. They check vital signs, assist with diagnostic examinations and laboratory tests, and instruct patients regarding health promotion practices. Students gain knowledge of signs and symptoms of possible child abuse or neglect. Students also become familiar with human development across the life span. They will discuss normal and abnormal changes that are part of the aging process and the medical assistant's responsibilities related to the older person. Students check vital signs, obtain blood samples, and prepare and administer injections. Students discuss the importance of the ability to compose business documents and reports and practice composing business documents and e-mails. Students demonstrate increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40 Clinical Lab Hours: 30 Computer Lab Hours: 10 Outside Hours: 20 Prerequisite: MAINTRO

**Module G - Medical Law, and Ethics, Psychology, and Therapeutic Procedures**

**6.0 Quarter Credit Units**

Module G covers the history and science of the medical field, as well as the medical assisting profession. Students gain working knowledge of concepts related to patient reception in the medical office and preparing for the day. They discuss the importance of professional behavior in the workplace. Students learn what it takes to become an office manager and the responsibilities an office manager has to the office, the staff, and the physician. Students are introduced to medical office safety, security, and emergency provisions. They study how to maintain equipment and inventory. The functions of computers in the medical office are discussed. Students also talk about the role ergonomics plays in the health of the staff and patients. Students learn how to provide mobility assistance and support to patients with special physical and emotional needs, and various physical therapy modalities are discussed. Also introduced are the basic principles of psychology, psychological disorders, diseases, available treatments, and medical terminology related to mental and behavioral health. Medical law and ethics in relation to health care are discussed. Skills and attitudes necessary for success in the workforce are introduced, along with how to create a résumé, and follow through with the job search. Students check vital signs, obtain blood samples, and prepare and administer injections. Students demonstrate increasing speed and accuracy on the computer keyboard and build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40 Clinical Lab Hours: 30 Computer Lab Hours: 10 Outside Hours: 20 Prerequisite: MAINTRO

**Module H - Health Insurance Basics, Claims Processing, and Computerized Insurance Billing**

**6.0 Quarter Credit Units**

Module H introduces students to insurance billing and provides an in-depth exposure to diagnostic and procedural coding. Students gain working knowledge of the major medical insurances and claims form processing. They are introduced to types and sources of insurance, health insurance basics, traditional insurance plans, managed care, Medicare, Medicaid, military carriers, and Worker's Compensation and Disability insurance. This module covers the format of the ICD-9-CM manual, the CPT-4 and HCPCS manuals, and their relationship to the process of insurance claims submission. Patient expectations of the medical practice in regard to billing and collections and patient

confidentiality are covered. Students gain knowledge of how to enter patient information and schedule appointments electronically, along with processing insurance claims both manually and electronically. Students continue to develop basic clinical skills by taking vital signs, obtaining blood samples, and preparing and administering injections. Out-of-class activities will be assigned and assessed as part of this module. Lecture Hours: 40 Clinical Lab Hours: 30 Computer Lab Hours: 10 Outside Hours: 20 Prerequisite: MAINTRO

**Module X - Medical Assistant Diploma Program Externship**

**6.0 Quarter Credit Units**

Upon successful completion of all modules, medical assisting students participate in a 200-hour externship at an approved facility. The externship provides the student an opportunity to apply principles and practices learned in the program and utilize entry-level medical assisting skills in working with patients. Medical Assisting Diploma Program externs work under the direct supervision of qualified personnel at the participating externship sites, and under general supervision of the school staff. Supervisory personnel at the site evaluate externs at 100- and 200-hour intervals. Completed evaluation forms are placed in the students' permanent records. Students must successfully complete their externship experience in order to fulfill requirements for graduation. Lecture Hours: 00 Lab Hours: 00 Other Hours: 200 Prerequisite: MAINTRO, Completion of Modules A-H

## MEDICAL INSURANCE BILLING AND CODING

Diploma Program

33 Weeks – 760 Hours, 48 Credits

V 2.0

Medical Insurance Billing and Coding professionals perform a variety of administrative health information functions, including those associated with organizing, analyzing, and technically evaluating health insurance claim forms and coding diseases, surgeries, medical procedures, and other therapies for billing and collection.

The objective of the Medical Insurance Billing and Coding program is to provide the student with the appropriate didactic theory and hands-on skills necessary to prepare them for entry-level positions as medical insurance billers and coders in today's health care offices, clinics, and facilities. Students will learn diagnostic and procedural terminology as it relates to the accurate completion of medical insurance claims. Utilizing a format of medical specialties, relevant terms will also be introduced and studied.

Module Code	Modular Title	Clock Hours	Credit Units
MEDINTRO	Introduction to Medical Terminology, Keyboarding, Word Processing, Basic Math, Insurance Coding, and Administrative Duties of Medical Personnel	80	6.0
MIBCL	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Cardiovascular and Lymphatic Systems	80	6.0

		<b>Total</b>	<b>760</b>
			<b>48.0</b>

**Module MEDINTRO - Introduction to Medical Terminology, Keyboarding, Word Processing, Basic Math, Insurance Coding, and Administrative Duties of Medical Personnel** **6.0 Quarter Credit Units**

This module presents basic prefixes, suffixes, word roots, combining forms, special endings, plural forms, abbreviations, and symbols. Also covered is medical jurisprudence and medical ethics. Legal aspects of office procedure are covered, including a discussion of various medical/ethical issues in today's medical environment. Students will learn basic computer skills and acquire knowledge of basic medical insurance billing and coding. Students are provided exposure to computer software applications used in the health care environment including basic keyboarding, Word and Excel. In addition, basic guidelines and coding conventions in ICD-9 and CPT with focus on the professional (outpatient) guidelines, as well as an introduction to the use of the coding reference books. Basic math is introduced. Career skills and development of proper study and homework habits are introduced as well as professionalism needed in the healthcare environment. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None Lecture Hours: 40 Lab Hours: 40 Outside Hours: 20

**Module MIBCL – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Cardiovascular and Lymphatic Systems** **6.0 Quarter Credit Units**

This module presents a study of basic medical terminology focused on the cardiovascular system, and the lymphatic system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form

completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as, the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions, and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: MEDINTRO Lecture Hours: 40 Lab Hours: 40 Outside Hours: 20

**Module MIBGU – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Genitourinary System** **6.0 Quarter Credit Units**

This module presents a study of basic medical terminology focused on the genitourinary system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment including medical billing software, Word, and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements, and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions, and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: MEDINTRO Lecture Hours: 40 Lab Hours: 40 Outside Hours: 20

**Module MIBIE – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Integumentary and Endocrine Systems, and Pathology** **6.0 Quarter Credit Units**

This module presents a study of basic medical terminology focused on the genitourinary system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment including medical billing software, Word, and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions, and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: MEDINTRO Lecture Hours: 40 Lab Hours: 40 Outside Hours: 20

**Module MIBMS – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Musculoskeletal System** **6.0 Quarter Credit Units**

This module presents a study of basic medical terminology focused on the musculoskeletal system. A word-building

systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as, the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions, and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: MEDINTRO  
Lecture Hours: 40 Lab Hours: 40 Outside Hours: 20

**Module MIBRG – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Respiratory and Gastrointestinal Systems** **6.0 Quarter Credit Units**  
This module presents a study of basic medical terminology focused on the respiratory system and the gastrointestinal system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as, the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions, and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: MEDINTRO  
Lecture Hours: 40 Lab Hours: 40 Outside Hours: 20

**Module MIBSN – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Sensory and Nervous Systems, and Psychology** **6.0 Quarter Credit Units**  
This module presents a study of basic medical terminology focused on the sensory system, the nervous system, and psychology. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as, the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions, and medication uses in relation to body systems and medical

terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: MEDINTRO Lecture Hours: 40 Lab Hours: 40 Outside Hours: 20

**Once a student has completed all modules, he or she will be placed in their final module of training, as chosen by the school administration, in an on-campus practicum experience or out in the field in an approved externship facility.**

**Module MIBPC – Practicum**

**6.0 Quarter Credit Units**

Upon successful completion of Modules MEDINTRO, MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN, medical insurance billing and coding students participate in a 200-hour practicum on-campus. The practicum provides the student an opportunity to apply principles and practices learned in the program and utilize entry-level skills in working with insurance companies and processing claims. Medical insurance billing and coding students work under the direct supervision of the school staff. An instructor or department chair evaluates students at 100 and 200 hour intervals. Completed evaluation forms are placed in the students' permanent records. Students must successfully complete their practicum experience in order to fulfill requirements for graduation. Prerequisite: All classes in the Medical Insurance Billing and Coding diploma program must be completed prior to enrollment. Lecture Hours: 00 Lab Hours: 00 Other Hours: 200

**Module MIBXT – Externship**

**6.0 Quarter Credit Units**

Upon successful completion of Modules MEDINTRO, MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN, medical insurance billing/coding students participate in a 200-hour externship. Students are expected to work a full-time (40 hours per week) schedule if possible. Serving in an externship at an approved facility gives externs an opportunity to work with the principles and practices learned in the classroom. Externs work under the direct supervision of qualified personnel in participating institutions and under general supervision of the school staff. Supervisory personnel will evaluate externs at 100- and 200-hour intervals. Completed evaluation forms are placed in the students' permanent records. Students must successfully complete their externship training in order to fulfill requirements for graduation. Prerequisite: All classes in the Medical Insurance Billing and Coding diploma program must be completed prior to enrollment. Lecture Hours: 00 Lab Hours: 00 Other Hours: 200

## PATIENT CARE TECHNICIAN

Diploma Program  
33 Weeks – 760 Hours, 52 Credits

V 2

The Patient Care Technician program is designed to train students to function safely and effectively as integral members of the health care delivery team. The program combines basic knowledge with applied skills mastered in both the classroom and the laboratory. In this multi-occupational program, students are cross-trained to perform any number of clinical skills from performing basic patient care skills, to performing electrocardiograms, as an EKG Technician, to collecting laboratory specimens as a Phlebotomist, or to assisting a patient to walk for the first time, as a physical therapy aide.

The Patient Care Technician can expect to find employment opportunities in hospitals, rehabilitation centers, specialty and urgent care centers, long-term and skilled nursing facilities, and staffing agencies. In addition to being qualified to work as a Patient Care Technician, graduates of this program are also qualified to work as Physical Therapy and Occupational Therapy Aides, EKG Technician and may take the CNA exam to become a Certified Nursing Assistant.

The program is 33 weeks in length, and is comprised of seven modular units of learning which are made up of 80 hours of combined theory and laboratory time and one module which is referred to “clinical rotation,” for a total 200 hours. During this rotation, which is completed after all theory modules, students are given the opportunity to observe and become part of the health care team as they gain hands-on experience working side-by-side with other health care practitioners.

The Patient Care Technician program provides the student with the theory and hands-on applications required to perform the following tasks:

- Demonstrate the basic principles and practices of basic patient care and safety, home health care, physical therapy and occupational therapy, phlebotomy, electrocardiography, healthcare law and ethics, communications and interpersonal skills, clerical skills, and safety.
- Recognize, spell, define, and use appropriate medical terminology, words, and abbreviations as part of the study of anatomy and physiology, microbiology, and infection control.
- Use appropriate medical and surgical asepsis and patient care skills, including those required in infection control, including universal precautions, pre- and post-operative care, scrubbing, gowning, and gloving, body mechanics, personal care, bed-making, positioning, observational and charting skills, and basic laboratory, cardiology, physical therapy, and occupational therapy skills.
- Demonstrate skills to obtain CPR certification.

Module	Module Title	Clock Hours	Credit Units
Module A	Healthcare Concepts and Clerical Skills	80	7.0
Module B	Anatomy, Physiology and Medical Terminology	80	8.0
Module C	Patient Care Skills for CNA and/or PCT	80	6.0
Module D	Patient Care Skills and Home Health	80	6.0
Module E	Electrocardiography and CPR	80	6.0
Module F	Phlebotomy and Laboratory Skills	80	6.0
Module G	Physical and Occupational Therapy and Clerical Skills	80	7.0
Module X	Clinical Rotations I and II	200	6.0
<b>Total</b>		<b>760</b>	<b>52.0</b>

### Module A – Healthcare Concepts and Clerical Skills

**7.0 Quarter Credit Units**

Module A provides the student with an overall understanding of the field of healthcare, particularly as it relates to the “multi-skilled” patient care technician. At the end of the module, students will be able to discuss the various fields of healthcare, infection control, legal and ethical responsibilities, and communication and interpersonal skills. Students will be able to identify and explain safety procedures, and skills involved in observations, recording, and reporting. In this module, students will be given the opportunity to learn some of the clerical and administrative procedures required of the patient care technician in the hospital and healthcare environment. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None Lecture: 60 hours; Lab: 20 hours; Outside: 20 hours.

### Module B – Anatomy and Physiology and Medical Terminology

**8.0 Quarter Credit Units**

Module B focuses on the study of anatomy and physiology and its associated terminology. At the end of the module, students will be able to identify the various body systems and, through discussions, use the terminology associated with these systems. Students will be able to identify and discuss common disorders and diseases affecting each

system. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None Lecture: 40 hours; Lab: 40 hours; Outside: 20 hours	
<b>Module C – Patient Care Skills for CNA and/or PCT</b>	<b>6.0 Quarter Credit Units</b>
Module C provides the student with the theory and hands-on application involved in providing patient care as would be required by a nursing assistant and/or patient care technician. Students will take and record vital signs, demonstrate skills for appropriate personal patient care, simulate procedures for admitting, transferring, and discharging patients, and discuss restorative care and meeting the patients' physical and psychosocial needs. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None Lecture: 40 hours; Lab: 40 hours; Outside: 20 hours	
<b>Module D – Patient Care Skills and Home Health</b>	<b>6.0 Quarter Credit Units</b>
Module D provides the student with the theory and hands-on skills involved in providing patient and home healthcare. Students will take and record vital signs, acquire the skills to determine and discuss therapeutic diets, examine various methods to control infections, identify the components and functions of body mechanics, and simulate caring for the client/patient in the home care setting. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None Lecture: 40 hours; Lab: 40 hours; Outside: 20 hours	
<b>Module E – Electrocardiography and CPR</b>	<b>6.0 Quarter Credit Units</b>
Module E will provide the student with the theory and hands-on skills involved in electrocardiography. Students will explore the profession of electrocardiography. Students will perform the procedures and record electrocardiographs and demonstrate how to interpret basic EKG's for possible abnormalities. This module will provide the student with skills required for CPR certification. CPR course certification will be campus-specific. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None Lecture: 40 hours; Lab: 40 hours; Outside: 20 hours	
<b>Module F – Phlebotomy and Laboratory Skills</b>	<b>6.0 Quarter Credit Units</b>
Module F will provide the student with the theory and hands-on skills involved in phlebotomy and lab procedures. Students will explore the profession of phlebotomy and performing basic laboratory skills. Students will draw blood samples, collect specimen samples, and perform simple laboratory procedures. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None Lecture: 40 hours; Lab: 40 hours; Outside: 20 hours	
<b>Module G – Physical and Occupational Therapy and Clerical Skills</b>	<b>7.0 Quarter Credit Units</b>
Module G will provide the student with the basic theory and hands-on applications involved in the field of physical therapy and occupational therapy as they relate to the patient care technician, the physical therapy aide, and the occupational therapy aide. Students will perform basic procedures required of physical and occupational therapy aides and identify various therapeutic modalities used in both physical therapy and occupational therapy. In this module, students will be introduced to various types of communication devices used by the healthcare team, prepare medical charting forms and charges, transcribe physician orders and perform computer-based clerical skills. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None Lecture: 60 hours; Lab: 20 hours; Outside: 20 hours	
<b>Module X – Clinical Rotations I and II</b>	<b>6.0 Quarter Credit Units</b>
Upon successful completion of Modules A through G, patient care technician students participate in an externship. During the externship, students will perform and observe clinical tasks under the direct supervision of qualified personnel in participating institutions and under the general supervision of the campus staff. Students may rotate through various departments within the clinical facility to perform tasks and observe, as appropriate, in patient care units, physical therapy, cardiology, laboratory, central service, admitting, and business office areas. All students will be evaluated at the halfway point and the conclusion of the clinical experience. Patient care technicians must complete the externship in its entirety in order to fulfill requirements for graduation. Prerequisite: Modules A through G Lecture: 0 hours; Lab: 0 hours; Extern: 200 hours	

## PHARMACY TECHNICIAN

Diploma Program

33 Weeks – 760 Hours, 48 Credits

V 1.0

Pharmacy services have expanded and grown at an accelerated rate. Pharmacy Technicians play a major role in pharmacy operations and in the overall healthcare work force. As pharmacy services continue to grow, with new services being offered, new drugs entering the market, and as comprehensive drug information becomes a necessity, the need for highly-trained pharmacy technicians increases. Many of the traditional pharmacy functions, once performed by pharmacists, are now being performed by pharmacy technicians. Today's pharmacy technician has assumed a position which supports and enhances the progressive direction taken by pharmacy. The technician has also become the key person in assuring the smooth uninterrupted functioning of traditional pharmacy services.

The Pharmacy Technician diploma program provides both technical and practical training which will enable the graduate, upon certification, licensure, or registration, to function as a competent entry-level pharmacy technician to the licensed pharmacist. The program provides the student with the basic knowledge of and practice in pharmacy calculations, drug distribution systems, and preparation of sterile dosage forms. Computer skills necessary in pharmacy practice will be utilized and both pharmaceutical and medical terminology and anatomy and physiology, are also covered. The program emphasizes theory, as well as hands-on practice, followed by an externship which prepares the student for the actual work setting. Upon completion of this program, the graduate will be prepared to take the national pharmacy technician certification exam offered by the Pharmacy Technician Certification Board (PTCB).

Pharmacy is a dynamic field requiring an ongoing learning process. Graduates from this training program will become active participants in this growing field by exhibiting competence through knowledge and skills learned through the college.

**Note:** In order to be employed as a pharmacy technician in the state of Florida, registration with the Florida Board of Pharmacy is required.

Module Code	Modular Title	Clock Hours	Quarter Credit Units
Module A	Administration of Medications and Pharmacology of the Endocrine/Lymphatic Systems	80	6.0
Module B	Aspects of Retail Pharmacy and Pharmacology of the Nervous System	80	6.0
Module C	History and Ethics of Pharmacy and Pharmacology of the Respiratory System & Nuclear Oncology Pharmacy Practice	80	6.0
Module D	Infection Control, Medication Errors and Alternative Medicine and Pharmacology of the Integumentary System and Senses	80	6.0
Module E	Administrative Aspects of the Pharmacy Technician & Pharmacology of the G.I. and Muscular System	80	6.0
Module F	Aspects of Hospital Pharmacy and Pharmacology of the Urinary and Reproductive System	80	6.0
Module G	Home Health Care, Pharmacy Operations and Pharmacology of the Cardiovascular, Circulatory and Skeletal System	80	6.0
Module X	Clinical Externship	200	6.0
<b>Total</b>		<b>760</b>	<b>48.0</b>

<p><b>Module A - Administration of Medications and Pharmacology of the Endocrine and Lymphatic Systems</b>  <b>6.0 Quarter Credit Hours</b></p> <p>This module is designed to provide the student with an overall understanding of medication administration, safety and quality assurance. Included in this course is an overview and historical development of pharmacy. Body systems are covered in this module which includes the endocrine and lymphatic systems, and medications used to treat conditions of the endocrine system. Repackaging and compounding will be discussed and performed. Included in this course is use of policy and procedure manuals, materials management of pharmaceuticals, the pharmacy formulary system, computer applications in drug use control, receiving and processing medication orders. Preparation and utilization of patient profiles, handling medications, storage and delivery of drug products, records management and inventory control, and compensation and methods of payment for pharmacy services are discussed. Conversions and calculations used by pharmacy technicians will be discussed along with drug dosages in units and working with compounds, admixtures, and parenteral and IV medications. Hands-on skills in the laboratory practice setting are performed. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites: None</i> Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0</p>
<p><b>Module B - Aspects of Retail Pharmacy and Pharmacology of the Nervous System</b>  <b>6.0 Quarter Credit Hours</b></p> <p>This module is designed to provide the student with responsibilities of a technician filling prescriptions, including the information required to fill prescription and typing the prescription label. This module also covers how to read a drug label. Medications for the respiratory and nervous system are covered including a study of medications for neurological conditions, mental disorders and a discussion on muscle relaxants. This module will include CPR certification. Hands-on skills in the laboratory practice setting are performed. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites: None</i> Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0</p>
<p><b>Module C - History and Ethics of Pharmacy and Pharmacology of the Respiratory System &amp; Nuclear Oncology Pharmacy Practice</b>  <b>6.0 Quarter Credit Hours</b></p> <p>This module is designed to introduce the student to the professional aspects of working in pharmacy technology. Subjects covered include the history and changing roles of pharmacists and pharmacy technicians. This module covers the laws and ethics of pharmacy, which includes the Food and Drug Act, the 1970 Comprehensive Drug Abuse Prevention and Control Act, and other modern-day drug legislation. The respiratory system is discussed along with medications for respiratory tract disorders. Oncology agents are covered in this module along with HIV/AIDS. Calculations and dimensional analysis of drug dosages are covered. Hands-on skills in the laboratory practice setting are performed. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites: None</i> Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0</p>
<p><b>Module D - Infection Control, Medication Errors and Alternative Medicine and Pharmacology of the Integumentary System and Senses</b>  <b>6.0 Quarter Credit Hours</b></p> <p>This module covers pharmacy technician registration and certification, including professionalism and communication in the pharmacy setting. Over-the-counter medications, vitamins, and skin-care products are discussed in this module. Medications for the integumentary system are covered, along with a discussion on medication calculations for the elderly. Also covered in this module are medications used for disorders of the eyes and ears. Students learn the most common medication errors, alternative medication, and food and drug interactions. Hands-on skills in the laboratory practice setting are performed. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites: None</i> Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0</p>
<p><b>Module E - Administrative Aspects of the Pharmacy Technician &amp; Pharmacology of the G.I. and Muscular System</b>  <b>6.0 Quarter Credit Hours</b></p> <p>In this module, emphasis is placed on the role and responsibilities of the pharmacy technician regarding parenteral dosages, including using proportions in calculating drug dosages for pediatrics. This module is designed to provide the student with an overall understanding of the administrative aspects and hands-on applications involved in working in a pharmacy. Medications for the G.I. and musculoskeletal systems are covered, along with medications for disorders of the musculoskeletal system, as well as a study of general operations of pharmacies at different settings. Subjects covered include safety in the workplace, using computers in the pharmacy, communications and interpersonal relations within the pharmacy. Students will learn about migraine headaches, analgesics, and drugs for NSAID. Use of computers in the pharmacy practice setting is covered. Hands-on skills in the laboratory practice setting are performed. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites: None</i> Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0</p>
<p><b>Module F - Aspects of Hospital Pharmacy and Pharmacology of the Urinary and Reproductive System</b>  <b>6.0 Quarter Credit Hours</b></p> <p>This module is designed to provide the student with an overall understanding of anatomy and physiology as it relates to the urinary and reproductive systems. Students will learn common tasks performed by pharmacy technicians in the hospital practice setting, including policies and procedures, responsibilities of the inpatient pharmacy technician, and specific state requirements regulating the use of pharmacy technicians in various states. Students will familiarize themselves with intravenous flow rates of large volume and small volume IV, infusion of IV piggybacks, and the use of a heparin lock. Critical care flow rates and automated medication dispensing systems are discussed and calculated. Hands-on skills in the laboratory practice setting are performed. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites: None</i> Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0</p>

**Module G - Home Health Care, Pharmacy Operations and Pharmacology of the Cardiovascular, Circulatory and Skeletal System** **6.0 Quarter Credit Hours**

This module is designed to familiarize the student with all aspects of home health care, mail order pharmacy/ePharmacy, and long-term care pharmacy. Also covered in this module is drug distribution systems utilized in the pharmacy to include pharmacy stocking and billing, inventory, and purchasing. This module will provide students with the understanding of the cardiovascular, circulatory, and skeletal systems and discuss medications for circulatory disorders and medications for the skeletal system. Hands-on skills in the laboratory practice setting are performed. Out-of-class activities will be assigned and assessed as part of this module. *Prerequisites: None*  
Lecture Hours: 40.0 Lab Hours: 40.0 Outside Hours: 20.0

**Module X - Clinical Externship** **6.0 Quarter Credit Hours**

This 200-hour module is designed to provide the student with supervised, practical, hands-on, and observational experiences in the working pharmacy. Students will be expected to gain experiences in either a hospital pharmacy or a community (retail) pharmacy. Students will gain exposure to "on-the-job" experiences and training in the pharmacy setting and practice of skills, gaining experiences in all aspects of drug preparation and distribution utilized by participating sites. *Prerequisite: Completion of Didactic Program. Student must complete all modules prior to externship placement.* Lecture Hours: 0.0 Lab Hours: 0.0 Other Hours: 200.0.

**SURGICAL TECHNOLOGIST**  
 Diploma Program  
 48 Weeks – 1060 Hours, 66 Credits

V 2.0

Surgical technologists are allied health professionals who are an integral part of the team of medical practitioners providing surgical care to patients in a variety of settings. They work under medical supervision to facilitate the safe and effective conduct of invasive surgical procedures. This individual works under the supervision of a surgeon to ensure that the operating room or environment is safe, that equipment functions appropriately, and that the operative procedure is conducted under conditions that maximize patient safety.

The surgical technologist possesses the appropriate expertise in the theory and application of sterile and aseptic technique and combines the knowledge of human anatomy, surgical procedures, and implementation tools and technologies to facilitate a physician's performance of invasive therapeutic and diagnostic procedures.

The objective of the Surgical Technologist program is to provide the student with the appropriate didactic theory and hands-on skills required and necessary to prepare them for entry level positions as certified surgical technologists in today's health care centers clinics, and facilities.

Upon successful completion of the entire course of study, students are awarded a diploma in Surgical Technology, and are eligible to take the national certification exam, sponsored by the National Board of Surgical Technology and Surgical Assisting (NBSTSA). The NBSTSA awards certificates to those who demonstrate their theoretical and practical knowledge by passing the national surgical technologist examination. Graduates who pass this exam earn the distinction of being able to work as a CST, or Certified Surgical Technologist.

**SLS 1317 - Strategies for Health Care Professional Success** **4.0 Quarter Credit Hours**

This course is designed to prepare students for transition in their health care professional education and life. The course includes introduction to the college and its resources, professionalism, study skills, test-taking skills, critical thinking, medical terminology, abbreviations, math review, communication, teamwork, information technology, learning styles along with written and personal resource management skills. Students will be actively involved in learning and integrating practical applications to promote success. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 0.0 Other Hours: 0.0. Outside Hours: 10.0.

**STS 1001 - Principles and Practices of Surgical Technology** **4.0 Quarter Credit Hours**

This course is designed to provide the student with an overall understanding and orientation to the field of surgical technology. Included in this course are professional responsibilities and relations, interpersonal relationships and communication skills, death and dying, legal and ethical responsibilities, the operating room environment, and safety. CPR, OSHA and HIPPA are also offered during this course. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 0.0 Other Hours: 0.0. Outside Hours: 10.0.

**BSC 1085 - Anatomy and Physiology I** **4.0 Quarter Credit Hours**

This course is a scientific study of the structure of the human body and its parts including relationships and functions of the integumentary, skeletal, muscular, nervous system, special senses and the endocrine systems. Out-of-class activities will be assigned and assessed as part of this module. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 0.0 Other Hours: 0.0. Outside Hours: 10.0.

<p><b>BSC 1086 - Anatomy and Physiology II</b></p> <p>This course is a study of the structure of the human body and its parts including relationships and functions of the cardiovascular, lymphatic, respiratory, digestive, urinary and reproductive systems. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites:</i> BSC 1085, SLS 1317. Lecture Hours: 40.0 Lab Hours: 0.0 Other Hours: 0.0. Outside Hours: 10.0.</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>HSA 1529 - Diseases of the Human Body</b></p> <p>This course provides a study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites:</i> SLS 1317, BSC 1085, BSC 1086. Lecture Hours: 40.0 Lab Hours: 0.0 Other Hours: 0.0. Outside Hours: 10.0.</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>MCB 2000 - Microbiology and Infection Control</b></p> <p>This course is designed to provide the student with an overall understanding of basic microbiology, infection control, disease processes and the body's defenses against them, and wound healing, as well as the terminology associated with each of these areas of concentration. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites:</i> SLS 1317, BSC 1085. Lecture Hours: 40.0 Lab Hours: 0.0 Other Hours: 0.0. Outside Hours: 10.0.</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>STS 2007 - Surgical Pharmacology</b></p> <p>This course is designed to provide the student with an overall understanding of the theory and the hands-on applications involved in surgical pharmacology. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites:</i> SLS 1317, BSC 1085, BSC 1086, STS 1001. Lecture Hours: 40.0 Lab Hours: 0.0 Other Hours: 0.0. Outside Hours: 10.0.</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>STS 2171C - Surgical Technology I</b></p> <p>This course is designed to provide the student with an overall understanding and the hands-on skills involved in following medical and surgical aseptic techniques and in providing basic pre-operative care to the surgical patient. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites:</i> SLS 1317, BSC 1085, STS 1001. Lecture Hours: 30.0 Lab Hours: 20.0 Other Hours: 0.0. Outside Hours: 12.5.</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>STS 2172C - Surgical Technology II</b></p> <p>This course is designed to provide the student with an overall understanding of the theory and the hands-on applications involved in the use and maintenance of surgical instruments and equipment. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisite:</i> STS 2171C. Lecture Hours: 30.0 Lab Hours: 20.0 Other Hours 0.0. Outside Hours: 12.5.</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>STS 2173C - Surgical Procedures I</b></p> <p>This course is designed to provide the student with an overall understanding of the theory and hands-on applications involved in general surgery, as well as specific surgical procedures involving the gastrointestinal system, the reproductive system and obstetrics, breast, and the genitourinary system, ophthalmic and otorhinolaryngology, oral and maxillofacial surgical specialties with hands-on application utilizing instruments, equipment, and supplies to deliver safe patient care. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisites:</i> SLS 1317, BCS 1085, BSC 1086, HSA 1529, MCB 2000, STS 2007, STS 2172C. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0. Outside Hours: 20.0.</p>	<p><b>6.0 Quarter Credit Hours</b></p>
<p><b>STS 2174C - Surgical Procedures II</b></p> <p>This course is designed to introduce surgical pathology and surgical procedures. Emphasis is on surgical procedures related to neurosurgery, cardiovascular and thoracic, plastic and reconstructive, and orthopedics, with hand-on application utilizing instruments, equipment, and supplies to deliver safe patient care. In addition, an emphasis is put on special population patients such as pediatric, geriatric, and trauma patients. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisite:</i> STS 2173C. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0. Outside Hours: 20.0.</p>	<p><b>6.0 Quarter Credit Hours</b></p>
<p><b>STS 2175C - Clinical Rotation I</b></p> <p>This course is designed to provide the student with a continued and advancing opportunity to be involved in operative procedures in supervised clinical within clinical facility. As part of the experience, students may rotate throughout various departments within the clinical area, including obstetrics, delivery room, central processing, emergency room, and outpatient surgery areas as the facility allows. Students will experience hands-on learning utilizing instruments, equipment, and supplies in a perioperative clinical setting. Students will be exposed to increasing difficulty of procedures as the clinic site allows. As the capstone course for the surgical technology program, students will be prepared for an entry level surgical technologist position. Students will gain independence in preparing the operating room, opening surgical cases, setting up back tables, mayo stands and turning over the surgical site. Study for national certification exam for Surgical Technologists is required. Out-of-class activities will be assigned and assessed as part of this module. <i>Prerequisite:</i> STS 2174C. Lecture Hours: 0.0 Lab Hours: 0 Other Hours: 180.0. Outside Hours: 45.0.</p>	<p><b>6.0 Quarter Credit Hours</b></p>

**STS 2176C - Clinical Rotation II****10.0 Quarter Credit Hours**

This course is a continuation of the skills practiced in STS 2175C with continued supervised, practical hands-on and observational experiences in the clinical area. During this rotation, students rotate throughout the operating room to enhance clinical learning experiences. Out-of-class activities will be assigned and assessed as part of this module. Prerequisites: STS 2174C, STS 2175C. Lecture Hours: 0.0 Lab Hours: 0 Other Hours: 320.0. Outside Hours: 80.0.

**STS 2200 - Surgical Technologist Certification Examination Review****2.0 Quarter Credit Hours**

This course is designed to guide students in the preparation for the Surgical Technologist Certification Examination. Test-taking strategies will be discussed and implemented with an in-depth review of application level questions that require critical thinking skills. A review will be provided of the Surgical Technologist knowledge, skill, and abilities necessary to provide quality surgical patient care. Out-of-class activities will be assigned and assessed as part of this module. Co-requisite: STS 2176C. Lecture Hours: 20.0 Lab Hours: 0.0 Other Hours: 0.0. Outside Hours: 5.0.

## ASSOCIATE'S DEGREE PROGRAMS

### ACCOUNTING, ASSOCIATE IN SCIENCE DEGREE

24 Months – 96.0 Credit Units

V 1.0

Accounting is the language of business, and accounting procedures and records are the basic ingredients that provide students with a broad and diverse background in professional accounting, making a variety of entry-level positions in business, industry, and governmental accounting fields available to graduates of this program.

**APPLIED MANAGEMENT, ASSOCIATE IN SCIENCE DEGREE**  
24 Months – 96.0 Credit Units

V 1.0

The Associate in Science in Applied Management program is offered for those students who have completed a diploma program from an accredited post-secondary institution and whose career goals require a broad knowledge of the functional areas of business. All students will take coursework in the areas of accounting, general business, management, marketing, computer applications, and business law. The program prepares students for a variety of entry-level positions in areas such as sales, office supervision, and small business management.

## BUSINESS, ASSOCIATE IN SCIENCE DEGREE

24 Months – 96.0 Credit Units

V 2.0

The Associate in Science in Business program is offered for those students whose career goals require a broad knowledge of the functional areas of business. All students will take coursework in the areas of accounting, general business, management, marketing, human resources, computer applications, and business law. In addition, students will choose an area of concentration that will comprise the balance of the courses in the major. The following describes each area of concentration.

### Business Administration

The Business Administration concentration focuses on the structure, function, and procedures of standard business operations. The program prepares students for a variety of entry-level positions in areas such as sales, office supervision, and small business management.

### Management

The Management concentration focuses on the fundamental business management principles utilized by today's businesses. The graduates of this program will be prepared for entry-level positions in supervisory roles in business and government.

### Marketing

The concentration in Marketing is designed to provide students with a basic marketing background to prepare them for entry-level positions in business and government.

## CRIMINAL JUSTICE, ASSOCIATE IN SCIENCE DEGREE

24 Months – 96.0 Credit Units

V 1.0

The Criminal Justice program includes a comprehensive study of the national criminal justice system, correctional organizations, and law enforcement agencies. Students learn the nature and extent of crime and delinquency and the cause and explanation of criminal behavior. Additional areas of study include rules of evidence, basic investigative techniques and the philosophy of criminal law. The program is designed to prepare graduates for entry-level career opportunities in probation, corrections, law enforcement and/or security.

## FLORIDA'S STATEWIDE COURSE NUMBERING SYSTEM

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and 27 participating nonpublic institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online SCNS to obtain course descriptions and specific information about course transfer between participating Florida institutions. This information is at the SCNS website at <http://scns.fldoe.org>.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the SCNS. The listing of prefixes and associated courses is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "statewide course profiles."

### Example of Course Identifier

Prefix	Level Code (first digit)	Century Digit (second digit)	Decade Digit (third digit)	Unit Digit (fourth digit)	Lab Code
<b>ENC</b>	<b>1</b>	<b>1</b>	<b>0</b>	<b>1</b>	
English Composition	Lower (Freshman) Level at this institution	Freshman Composition	Freshman Composition Skills	Freshman Composition Skills I	No laboratory component in this course

### General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions, as listed below in *Exception to the General Rule for Equivalency*.

For example, a freshman composition skills course is offered by 59 different postsecondary institutions. Each institution uses "ENC\_101" to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "ENC" means "English Composition," the century digit "1" represents "Freshman Composition," the decade digit "0" represents "Freshman Composition Skills," and the unit digit "1" represents "Freshman Composition Skills I."

In the sciences and certain other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a course that has the same prefix and course number but meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at a Florida College System institution is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent. **NOTE:** Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term system. For example, 4.0 quarter hours often transfers as 2.67 semester hours.

## The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

### Authority for Acceptance of Equivalent Courses

Section 1007.24(7), Florida Statutes, states:

Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

### Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been excepted from the guarantee of transfer for equivalent courses. These include courses that must be evaluated individually or courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution.

- A. Courses not offered by the receiving institution.
- B. For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question.
- C. Courses in the \_900-999 series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Apprenticeships, Practica, Study Abroad, Theses, and Dissertations.
- D. College preparatory and vocational preparatory courses.
- E. Graduate courses.
- F. Internships, apprenticeships, practica, clinical experiences, and study abroad courses with numbers other than those ranging from 900-999.
- G. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

### Courses at Nonregionally Accredited Institutions

The SCNS makes available on its home page (<http://scns.fldoe.org>) a report entitled "Courses at Nonregionally Accredited Institutions" that contains a comprehensive listing of all nonpublic institution courses in the SCNS inventory, as well as each course's transfer level and transfer effective date. This report is updated monthly.

Questions about the SCNS and appeals regarding course credit transfer decisions should be directed to Tinamarie Aguilar at the Transfer Center, (877) 727-0058 or to the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the SCNS office at (850) 245-0427 or at <http://scns.fldoe.org>.

## COURSE DESCRIPTIONS – ACADEMIC DEGREE PROGRAMS

Courses in the degree programs are offered on-ground at the campus or online unless otherwise specified in the catalog. Courses that are not offered online are specified in each program outline in the catalog. During the course of a student's program, a class may not be offered on-ground during a given term, but students have the option to take the course online. Tutoring and support services are provided at the campus to students taking online courses and the Online Café with desktop computers and a lounge area for students with laptops is available. Computers are also available in the library during library hours and in the computer labs when classes are not in session.

<p><b>ACG2021 - Introduction to Corporate Accounting</b>                  This course defines financial accounting objectives and their relationship to business. Students learn about the fundamental principles of accounting and the accounting cycle as it applies to corporations. <i>Prerequisites: APA2110</i>                  Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>ACG2178 - Financial Statement Analysis</b>                  This course covers the basics of financial statement analysis in directing a firm's operations. Students will gain an understanding of how funds are acquired in financial markets and the criteria used by investors in deciding where to place their funds. <i>Prerequisites: None</i> Lecture Hours: 40.0, Lab Hours: 00.0, Other Hours: 00.00</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>ACG2551 - Non-Profit Accounting</b>                  In this course the student explores accounting systems unique to non-profit organizations. Accounting principles for hospitals and educational organizations are examined. <i>Prerequisites: ACG2021</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>ACO1806 - Payroll Accounting</b>                  This course provides students with a working knowledge of payroll laws, principles, practices, methods and systems. Students gain hands-on experience performing the payroll function. <i>Prerequisites: APA2111</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>AML2000 - Introduction to American Literature</b>                  This course concentrates on the major writers of modern American literature. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>APA2111 - Principles of Accounting I</b>                  This course emphasizes accrual accounting based upon generally accepted accounting principles. Analysis of income statement procedures, computerized accounting applications and the accounting cycle are highlighted. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>APA2110- Principles of Accounting II</b>                  This course emphasizes accounting theory and applications as they apply to the accounting cycle. Various aspects are explored in depth including cash analysis, bad debt, accounts receivable, notes receivable, accounts payable and payroll, notes payable, inventory cost flow methods and fixed asset allocations, intangible assets, and natural resources. <i>Prerequisites: APA2111</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>APA2141 - Computerized Accounting</b>                  This course emphasizes the practical application of fundamental accounting principles through the use of automated accounting software. Students will gain experience in integrated software designed to handle general ledger, accounts payable, accounts receivable, financial statement analysis, fixed assets, sales order processing, inventory, and payroll. <i>Prerequisites: APA2110</i> Lecture Hours: 30.0; Lab Hours: 20.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>APA2161 - Introductory Cost/Managerial Accounting</b>                  This course examines the development and operation of cost accounting systems. Topics include basic cost concepts and product costing techniques including job-order, process costing, and standard costing with emphasis on managerial application. <i>Prerequisites: APA2110</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>BUL2131 - Applied Business Law</b>                  This course is designed to provide students with information on the essentials of the nature of law and the functions of the judicial system in the business environment. An overview of legal characteristics of a sole proprietorship, partnerships and corporations are discussed. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>CCJ1017 - Criminology</b>                  The study of crime and causes of crime, the types of crime, and crime prevention strategies and society's response to crime. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>
<p><b>CCJ1020 - Introduction to Criminal Justice</b>                  This course provides an overview and introduction to criminal justice. Focus on the nature of crime, law and criminal justice, the Police and Law Enforcement, the makeup of the courts, the adjudication system, the issues facing police, corrections, and a review of the nature and history of the juvenile justice system. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0</p>	<p><b>4.0 Quarter Credit Hours</b></p>

<b>CCJ1910 - Career Choices in Criminal Justice</b>	<b>4.0 Quarter Credit Hours</b>
This course provides an overview of employment in the criminal justice field. Topics include careers in criminal justice, the economy and job market, professional skills required to work in the criminal justice field, the culture of law enforcement, and the political nature of the criminal justice system. Prerequisite: CCJ 1020. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
<b>CCJ2306 - Introduction to Corrections</b>	<b>4.0 Quarter Credit Hours</b>
This course will examine an overview of the history of corrections and punishment in America with a review of the correctional process including: probation, intermediate sanctions, restorative justice, imprisonment and the death penalty. The organization, management and operation of correctional facilities, inmate life and environment will be examined, including the legal foundation of prisoners' rights. Prerequisites: None Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CCJ2358 - Criminal Justice Communications</b>	<b>4.0 Quarter Credit Hours</b>
This course will introduce the students to proper communication techniques within the community and the law enforcement environment. Interviewing techniques; written communication, report writing; and testimony will be a part of this course. Prerequisites: None Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CCJ2500 - Juvenile Justice</b>	<b>4.0 Quarter Credit Hours</b>
Examination of the historical development of concepts of delinquency and modern juvenile justice system. Theories of delinquency, juvenile court processes, intake services, remedial procedures and the effects of the system are included in this course. Prerequisites: CCJ1020 Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CCJ2679 - Introduction to Victims Advocacy</b>	<b>4.0 Quarter Credit Hours</b>
This course examines criminal victimization in the United States. The topics include the historical treatment of victims of crime, the character and extent of modern criminal victimization, the nature of victimization experience, victim treatment at the hands of the criminal justice system. Prerequisites: CCJ1020 (None for Homeland Security Major) Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CCJ2943 - Current Issues in Criminal Justice</b>	<b>4.0 Quarter Credit Hours</b>
This course presents an analysis of significant issues confronting modern day criminal justice practitioners including critical concepts of law enforcement, the courts, corrections, and juvenile justice. Prerequisite: None Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CCJP2288 - Spanish for the Criminal Justice Professional</b>	<b>4.0 Quarter Credit Hours</b>
This course provides criminal justice professionals with a fundamental communication skill set in the Spanish language. Students will address Spanish phrases and terms that will enhance the ability to respond to emergencies and function in other justice related environments. Prerequisites: None Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CGS2167C - Computer Applications</b>	<b>4.0 Quarter Credit Hours</b>
This course introduces the essential concepts necessary to make effective use of the computer. Students achieve an understanding of what a computer can do, how it works, and how it can be used to create documents using word processing and spreadsheet applications for personal and business use. Prerequisites: None Lecture Hours: 30.0; Lab Hours: 20.0; Other Hours: 00.0	
<b>CGS2501C - Applied Word Processing</b>	<b>4.0 Quarter Credit Hours</b>
This course covers the various techniques used in intermediate to advanced word processing. Emphasis will be placed on using and creating templates, developing multi-page documents, building forms, and working with charts and diagrams. In addition, students will learn document collaboration techniques and customization with macros. Prerequisites: CGS2167C Lecture Hours: 30.0; Lab Hours: 20.0; Other Hours: 00.0	
<b>CGS2573C - Applied Spreadsheets</b>	<b>4.0 Quarter Credit Hours</b>
This course covers the various techniques used in developing spreadsheet applications for business information tracking and analysis. Course topics include using formulas, employing creative formatting, and using charts. Additional skills coverage includes use of graphics, developing pivot tables, and managing lists. Prerequisites: CGS2167C Lecture Hours: 30.0; Lab Hours: 20.0; Other Hours: 00.0	
<b>CJD2678 - Crime Scene Dynamics I</b>	<b>4.0 Quarter Credit Hours</b>
This course is designed to introduce the investigative concepts involved in the "Crime Scene Dynamics" of processing the aftermath of a criminal incident. The students will be exposed to how to respond to crime scenes, and examine the multitude of responsibilities involved, such as: the evidence must be identified and preserved, witnesses must be isolated and interviewed, the scene must be isolated and protected, fingerprints must be developed, and suspects must be identified and located. Prerequisites: None Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	

<b>CJE2679 – Crime Scene Dynamics II</b>	<b>4.0 Quarter Credit Hours</b>
This course continues the introduction to the investigative concepts involved in the “Crime Scene Dynamics” of processing the aftermath of a criminal incident. The students will be exposed to how to respond to crime scenes, and examine the multitude of responsibilities involved, such as: the evidence must be identified and preserved, witnesses must be isolated and interviewed, the scene must be isolated and protected, fingerprints must be developed, and suspects must be identified and located. <i>Prerequisites: CJE2678</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE1600 - Criminal Investigations</b>	<b>4.0 Quarter Credit Hours</b>
Basic investigative techniques, taking witness statements, interviews and reports are covered. An overview of police procedures is also included. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE1640 – Criminalistics I</b>	<b>4.0 Quarter Credit Hours</b>
This course is designed to introduce the concepts involved in the field of Criminalistics. The students will be introduced to the concepts of “Criminalistics” from the professional and scientific disciplines dedicated to the recognition, collection, identification, and individualization of physical evidence and the application of the natural sciences to the matters of the law will be examined. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE1641 – Criminalistics II</b>	<b>4.0 Quarter Credit Hours</b>
This course continues the introduction to the concepts involved in the field of Criminalistics. The students will be introduced to the concepts of “Criminalistics” from the professional and scientific disciplines dedicated to the recognition, collection, identification, and individualization of physical evidence and the application of the natural sciences to the matters of the law will be examined. <i>Prerequisites: CJE1640</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE2100 - Policing in America</b>	<b>4.0 Quarter Credit Hours</b>
This course provides a solid foundation by tracking the historical development of policing in America from its English roots to the first organized municipal police departments in the 1830s. It describes various federal law enforcement organizations and how they relate to state and local police. There is examination of the police subculture, explanation of the manner in which police agencies are organized and managed, community policing and problem solving, patrol and criminal investigations, impact of technology on police and discussion of the future. <i>Prerequisites: CCJ1020</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJD2250 - Introduction to Interviews and Interrogations</b>	<b>4.0 Quarter Credit Hours</b>
Interviews and interrogation focuses on techniques and philosophies of conducting human communication in a criminal justice or legal environment in which the goal is to obtain accurate information. Students will learn and apply specialized techniques and approaches to interviews and interrogations as well as legal implications based on a variety of situations. Obtaining eyewitness information in an investigative environment is also discussed. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE2690 – Technology Crimes I</b>	<b>4.0 Quarter Credit Hours</b>
At the conclusion of this course, the students will have an understanding of technology-based crimes as they apply to modern criminal acts such as identity theft, extortion, intellectual property crimes, fraud, Internet pornography, and online gambling. Students will also examine issues of evidence involving crime scene management, chain of custody issues, and accepted investigative practices. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE2695 – Technology Crimes II</b>	<b>4.0 Quarter Credit Hours</b>
At the conclusion of this course, the students will have an understanding of procedural law issues, investigative issues and techniques, forensics, and communications skills required to describe technology-based crimes. Students will also be able to compare and contrast the roles and responsibilities of local, state, and federal agencies responsible for investigating technology-based crimes. <i>Prerequisites: CJE2690</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE1770 – Crime Scene Photography I</b>	<b>4.0 Quarter Credit Hours</b>
Upon successful completion of the course, the students will be able to understand the role of a photographer in a crime scene. The students will become familiar with the history of photography and comprehend fundamental concepts of general camera use. The students will also be able to apply photography concepts and practical applications to vehicular accidents, vehicle examinations, and crimes against property. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE1772 – Crime Scene Photography I</b>	<b>4.0 Quarter Credit Hours</b>
Upon successful completion of the course, the students will be able to understand the role of a photographer in a crime scene. The students will comprehend fundamental concepts of general camera use and be able to apply photographic concepts and protocols to crimes against persons such as assault and homicide scenes, autopsy, and special issues covering arson, alternative light sources, and SMAT (Scars, Marks, and Tattoos). <i>Prerequisites: CJE1770</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	

<b>CJE2602 – Graphics &amp; Documentation II</b>	<b>4.0 Quarter Credit Hours</b>
This course is a continuation of Graphics & Documentation I and will provide the students with a further understanding of the procedures of crime scene observation, note taking and documentation. Students will also be introduced to the preparation of visual exhibits for court presentation. <i>Prerequisites: CJE2673</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE2670 - Introduction to Forensics</b>	<b>4.0 Quarter Credit Hours</b>
This course will explore and explain the application of applied science to those criminal and civil matters that are investigated by various agencies. <i>Prerequisites: CCJ1020</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE2671 – Fingerprints Classification and Latents I</b>	<b>4.0 Quarter Credit Hours</b>
Upon successful completion of the course, the students will be able to understand the historical background of the science of fingerprints and legal aspects. The students will learn and be able to classify fingerprint cards using the Henry Classification System, to recognize fingerprint patterns and sections of the hand, terminology, obtain ten prints and major case prints, and to understand the New Automated Fingerprint Identification Systems. The students will also be able to individualize one fingerprint card from another. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE2672 – Fingerprints Classification &amp; Latents II</b>	<b>4.0 Quarter Credit Hours</b>
Upon successful completion of the course, the students will be able to understand the historical background of the science of fingerprints. The students will learn and be able to classify fingerprint cards using the Henry Classification System, to recognize fingerprint patterns, terminology, and to understand the New Automated Fingerprint Identification Systems. The students will also be able to individualize one fingerprint card from another and to demonstrate the ability to locate, process, and recover latent prints in the field and lab. <i>Prerequisites: CJE2671</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE2673 – Graphics &amp; Documentation I</b>	<b>4.0 Quarter Credit Hours</b>
This course will provide the students with an understanding of the procedures of crime scene observation, note taking, photography and report writing. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE2676 – Biological Evidence I</b>	<b>4.0 Quarter Credit Hours</b>
This introductory course will introduce the students to the types of biological evidence commonly found at crime scenes and how to collect it. Specific biological evidence discussed includes blood, semen, saliva, urine, feces, hair, and fingernails. Additional topics include autopsy, the basic departments of the crime laboratory, toxicology, forensic entomology, and uncollectible biological evidence. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJE2751 – Biological Evidence II</b>	<b>4.0 Quarter Credit Hours</b>
This course will continue to discuss the biological evidence commonly found at crime scenes. Packaging, preservation, and care of biological evidence will be discussed. Chain of custody will be explained. Additional topics include DNA, case studies, courtroom testimony, and exhibits for the courtroom. Students will participate in a moot court and a mock crime scene. <i>Prerequisites: CJE2676</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJL2130 - Criminal Evidence</b>	<b>4.0 Quarter Credit Hours</b>
This course focuses on the nature of evidence as it relates to the pretrial and trial process, including: witnesses, hearsay, admissions and confessions, and the exclusionary rule. Emphasis is placed on specific types of evidence: circumstantial, documentary, physical, documentary and recorded. <i>Prerequisites: CCJ1020</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJL2134 - Criminal Procedure and the Constitution</b>	<b>4.0 Quarter Credit Hours</b>
There will be a discussion of the Constitutional aspects of criminal procedure. The student will learn procedural aspects of the criminal system from arrest or summons through pretrial motions, trial, post-conviction and appellate processes. A study of the Constitution at work in the court system with current applications. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>CJT2113 – Collecting and Presenting Audio Visual Evidence</b>	<b>4.0 Quarter Credit Hours</b>
This course is designed to introduce the concepts involved in collecting and presenting audio and visual evidence. The students will also be introduced to the documentation methods for preserving visual evidence. This course will allow the students to understand the courtroom technology available for presentation methods utilizing audio and visual means. These disciplines will include digital photography, film photography, video, voice and audio recordings. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>DSC2002 - Introduction to Terrorism</b>	<b>4.0 Quarter Credit Hours</b>
Students in this course gain a valuable overview of terrorism: its history, current activities, and projected future. Topics include: domestic and international terrorism, terrorist training, weapons of mass destruction, defenses against terrorism, legal aspects, and the impact of the media. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	

<b>ECOP1021 - General Economics</b>	<b>4.0 Quarter Credit Hours</b>
This course serves as an introduction to the principles of macro and microeconomics. Specific topics of study will include scarcity and choice, supply and demand, national income, foreign trade, inflation, unemployment, and the banking system. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>ENC1101 - Composition I</b>	<b>4.0 Quarter Credit Hours</b>
This course provides instruction and practice in expository writing and emphasizes grammatical and mechanical accuracy and proper essay form. Emphasis is placed on clarity, logical organization, unity, and coherence of central ideas and supporting material. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>ENC1102 - Composition II</b>	<b>4.0 Quarter Credit Hours</b>
This course builds on the foundation of the written communication skills developed in Composition I. It further develops the students' skills in composing essays and other written communication, including the documented research paper. <i>Prerequisites: ENC1101</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>EVS1001 - Environmental Science</b>	<b>4.0 Quarter Credit Hours</b>
This non-laboratory course introduces students to environmental issues through an understanding of the interrelationships of humans and their planet. Attention is focused on ecosystems, pollution, energy, and improvement or prevention of problems. Environmental concerns are explored through readings, research, and discussion. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>FIN1103 - Introduction to Finance</b>	<b>4.0 Quarter Credit Hours</b>
This course is a survey of the financial considerations encountered during life, including purchases, credit, banking, taxes, insurance, investments, retirement and estate planning. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>LIS2004 - Introduction to Internet Research</b>	<b>2.0 Quarter Credit Hours</b>
Provides instruction on the basic use of the Internet and the use of search engines. Students will have hands on access to the Internet. <i>Prerequisites: None</i> Lecture Hours: 10.0; Lab Hours: 20.0; Other Hours: 00.0	
<b>MAN1030 - Introduction to Business</b>	<b>4.0 Quarter Credit Hours</b>
This course is an introduction to the terminology, functions, and procedures related to the organization and operation of a business enterprise as an institution in an economic society. Particular emphasis is given to accounting, ownership, human resources, marketing, and managerial functions within the business enterprise. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MAN2021 - Principles of Management</b>	<b>4.0 Quarter Credit Hours</b>
The course covers an analysis of fundamental management principles integrated with concepts of the behavioral sciences. Management processes, resources, and organizational structure are introduced. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MAN2031 - Let's Talk Business</b>	<b>2.0 Quarter Credit Hours</b>
This course is designed to provide opportunities through reading, discussions, and exercises for students to improve their proficiency as communicators in business environments. <i>Prerequisites: None</i> Lecture Hours: 20.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MAN2300 - Introduction to Human Resources</b>	<b>4.0 Quarter Credit Hours</b>
This course is an introduction to the workings of the human resources aspect of a business operation. It includes a discussion of wage and salary considerations, performance evaluations, benefits, employee hiring and firing, and policy and procedure implementation. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MAN2604 - Introduction to International Management</b>	<b>4.0 Quarter Credit Hours</b>
A comparative study of international management thoughts and practices with special attention to the transferability of these practices across border lines. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MAN2727 - Strategic Planning for Business</b>	<b>4.0 Quarter Credit Hours</b>
Designed to help students understand how to integrate knowledge of the various business disciplines and apply that knowledge to planning and managing strategic business activities. Following an examination of policy and strategy concepts, the student will complete studies, which integrate and apply what is learned. <i>Prerequisites: MAN1030, FIN1103, APA2110</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MANP2501 - Capstone Experience</b>	<b>4.0 Quarter Credit Hours</b>
This course, to be taken within the student's last 24.0 credits, utilizes a portfolio approach to help document their academic achievements and knowledge acquired from their other Business and Management courses. This capstone course is a culminating experience in which students, through the development of a professional development portfolio, demonstrate attainment of core business competencies, and connect theory and application in preparation for entry into their chosen career. <i>Prerequisites: To be taken within the student's last 24.0 credits of the program.</i> Lecture Hours: 30.0; Lab Hours: 20.0; Other Hours: 00.0	

<b>MAR1011 - Introduction to Marketing</b>	<b>4.0 Quarter Credit Hours</b>
The course deals with the distribution of goods from producer to consumer and covers such topics as characteristics of markets for consumer goods, marketing functions and the organizations that perform them, marketing methods and techniques, price policies, and the cost of marketing. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MAR2141 - Introduction to International Marketing</b>	<b>4.0 Quarter Credit Hours</b>
Examines the basic principles of marketing in an international environment. Major areas of the cultural, political and economic environments affecting multinational marketing management are reviewed for analysis of international marketing problems. <i>Prerequisites: MAR1011</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MAR2305 - Customer Relations and Servicing</b>	<b>4.0 Quarter Credit Hours</b>
This course explores the basic functions relating to customers on a one-on-one basis. It teaches the people skills needed to work with people to enhance the company, its public image, and satisfy the client or customer. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MAR2320 - Advertising</b>	<b>4.0 Quarter Credit Hours</b>
A study of the principles and institutions involved in mass selling techniques. The student is introduced to the role of advertising as a sales and communications tool for business. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MAR2720 - Marketing on the Internet</b>	<b>4.0 Quarter Credit Hours</b>
A study of the use of the Internet as a marketing and advertising medium. A study of the types of businesses and services utilizing the medium, as well as the advantages and disadvantages of doing business on the Internet. <i>Prerequisites: MAR1011</i> Lecture Hours: 30.0; Lab Hours: 20.0; Other Hours: 00.0	
<b>MAT2033 - College Algebra</b>	<b>4.0 Quarter Credit Hours</b>
The algebra of linear and quadratic equations, graphing, functions, inequalities, rational expressions, radicals, and system of equations. The course emphasizes critical thinking and problem-solving skills. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>MTB1103 - Business Math</b>	<b>4.0 Quarter Credit Hours</b>
This course presents a comprehensive review of computational skills as they apply to the business world. Topics include fractions, decimals, banking and credit card transactions, equations, percents, discounting process (trade and cash), markups and markdowns, simple and compound interest, and payroll functions. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>OST1149L - Keyboarding</b>	<b>2.0 Quarter Credit Hours</b>
Designed to familiarize the student with basic keyboarding and develop minimum typing skills. <i>Prerequisites: None</i> Lecture Hours: 00.0; Lab Hours: 40.0; Other Hours: 00.0	
<b>OST2335 - Business Communications</b>	<b>4.0 Quarter Credit Hours</b>
Practical written communication skills for business are studied in this advanced course. This course includes the mechanics and principles of effective letter writing and methods of researching and compiling reports. Focus is on a better understanding of writing styles appropriate to the business world. <i>Prerequisites: ENC1102</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>PSY2012 - General Psychology</b>	<b>4.0 Quarter Credit Hours</b>
This course is designed to provide students with an understanding of the general principles of psychology and theories underlying modern psychology. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>SBM2000 - Small Business Management</b>	<b>4.0 Quarter Credit Hours</b>
This course examines the various aspects of starting, acquiring, and operating a small business enterprise. It is a comprehensive discussion of problems encountered by small businesses. A study of management principles and procedures provides methods of resolving these problems. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>SLS1105 - Strategies for Success</b>	<b>4.0 Quarter Credit Hours</b>
This course is designed to equip students for transitions in their education and life. The course includes an introduction to the school and its resources, study skills, and personal resource management skills. Students will be actively involved in learning and integrating practical applications to promote success. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>SLS1340 - Career Skills and Portfolio Development</b>	<b>2.0 Quarter Credit Hours</b>
A course designed to assist students with personal and professional development for successful employment with a concentration on developing a positive self-image, assessing competitiveness strengths, career expectations, learning job search techniques, in addition to written skills and current resume preparation. <i>Prerequisites: None</i> Lecture Hours: 20.0; Lab Hours: 00.0; Other Hours: 00.0	

<b>SLS1505 - Basic Critical Thinking</b>	<b>2.0 Quarter Credit Hours</b>
This course introduces the students to the concepts of critical thinking. Topics covered include self-critique and understanding, fair-minded thinking, the levels of thinking, the parts and standards for thinking, and developing ethical and strategic thinking. Students will examine effective ways to think more critically, and will apply these tools in course assignments. <i>Prerequisites: None</i> Lecture Hours: 20.0; Lab Hours: 00.0; Other Hours: 00.0	
<b>SPC2017 - Oral Communications</b>	<b>4.0 Quarter Credit Hours</b>
This course is designed to develop students' ability to communicate effectively. Emphasis is placed upon the basic elements of communication in order to strengthen students' interpersonal and professional speaking skills. <i>Prerequisites: None</i> Lecture Hours: 40.0; Lab Hours: 00.0; Other Hours: 00.0

Spring Term Ends		July	2	2017
Independence Day Holiday		July	4	2017
Summer Vacation	From:	July	3	2017
	To:	July	9	2017

## APPENDIX A: PROGRAM DISCLOSURES

The following program disclosures are provided pursuant to federal law.

"Occupation" data reflects the type of occupations the program generally prepares students to enter. (For government data regarding occupations, please navigate to [www.onetonline.org](http://www.onetonline.org).) To the extent permitted under the standards of the applicable accrediting agency or state agency, the placement rates reported below may reflect students who completed the program and obtained employment in one of the occupations listed in the standard occupational titles below or other occupations that utilize the core skills taught in the program.

"On-Time Completion Rate" reflects the percent of graduates between July 1, 2010, and June 30, 2011, who completed their program within 100 percent of the normal time frame as described in the school catalog or enrollment agreement.

"Costs to Students" reflects the costs of the academic program for students completing the program on time, including tuition and fees, estimated books and supplies, and if applicable, room and board. Costs do not reflect potential increases and are current as of the publication date of this disclosure.

"Placement Rates" reflects the percent of graduates securing employment as calculated pursuant to the required calculation methodologies and time frames of the applicable state agencies, institutional accrediting agencies or programmatic accrediting agencies. Each agency has different criteria in determining what constitutes a placement, and these placements may or may not be listed in the standard occupations listed below. (For more information about calculations and time frames, refer to the descriptions at the end of this disclosure.)

"Median Loan Debt" reflects the median loan debt incurred by students who completed the program, between July 1, 2011, and June 30, 2012, including Title IV program loans, private educational loans and institutional financing plans.

Unless otherwise noted below, the data included in this disclosure are for the entire educational institution as defined by the Department of Education, which may include a number of individual campus locations (even in different states) and both online and physical delivery modalities. See footnotes for a list of the campuses included in the institution. In many cases, the on-time completion rate, the cost to students, the placement rate and the median loan debt may differ (often significantly) between these physical locations and delivery modalities. The data below reflect averages for all students in all locations and delivery modalities (or, in the case of program cost, the ranges of program costs) across all locations and delivery modalities.

<b>Accounting (Associate)</b>		
Occupation (Title, SOC Code)	Bookkeeping, Accounting, & Auditing Clerks	43-3031
	Tax Preparers	13-2082
Cost to Students		
Institution	Tuition and Fees	\$41,472
	Books and Supplies	\$4,611
	Room and Board	N/A
On-Time Completion Rate		18.18%
Placement Rates (See footnotes)		
Institution	Institutional Accrator	N/A
	State	N/A
Median Loan Debt	Title IV Program Loans	N/A
	Private Education Loans	N/A
	Institutional Financing Plans	N/A

<b>Applied Management (Associate)</b>		
Occupation (Title, SOC Code)	Business Operations Specialists	13-1199
	Managers	11-9199
Cost to Students		
Institution	Tuition and Fees	\$41,472
	Books and Supplies	\$3,175
	Room and Board	N/A
On-Time Completion Rate		N/A
Placement Rates (See footnotes)		
Institution	Institutional Accreditor	100%
	State	100%
Median Loan Debt	Title IV Program Loans	\$26,596
	Private Education Loans	\$690
	Institutional Financing Plans	\$0
<b>Business (Associate)</b>		
Occupation (Title, SOC Code)	First-Line Supervisors/Managers of Non-Retail Sales Workers	41-1012
	First-Line Supervisors/Managers of Retail Sales Workers	41-1011
	Managers	11-9199

	Private Education Loans	\$3,570
	Institutional Financing Plans	\$0
<b>Pharmacy Technician (Diploma)</b>		
Occupation (Title, SOC Code)	Pharmacy Technicians	29-2052
Cost to Students		
Institution	Tuition and Fees	\$16,730
	Books and Supplies	\$922
	Room and Board	N/A
On-Time Completion Rate		48.74%
Placement Rates (See footnotes)		
Institution	Institutional Accrerator	54.7%
	State	49.6%
Median Loan Debt	Title IV Program Loans	\$9,454
	Private Education Loans	\$2,224
	Institutional Financing Plans	\$0
<b>Surgical Technologist (Diploma)</b>		
Occupation (Title, SOC Code)	Surgical Technologists	29-2055
Cost to Students		
Institution	Tuition and Fees	\$25,618
	Books and Supplies	\$1,600
	Room and Board	N/A
On-Time Completion Rate		11.36%
Placement Rates (See footnotes)		
Institution	Institutional Accrerator	71.4%
	Programmatic Accrerator	66.67%
	State	78%
Median Loan Debt	Title IV Program Loans	\$16,615

<b>Surgical Technologist (Diploma)</b>		
	Private Education Loans	\$3,972
	Institutional Financing Plans	\$0

**Footnotes:**

**Institutional Accreditor** - ACICS uses the following formula to calculate placement for accredited institutions: placed in a field of study plus placed in a field related to study divided by the number of graduates and completers minus those unavailable for work. Placed in a field of study involves the direct use of the skills taught in the program. Placed in a field related to study involves an indirect use of the skills taught in the program. Time Frame: July 1, 2009 through June 30, 2010.

**Programmatic Accreditor** - ABHES uses the following formula to calculate placement for accredited institutions: graduates placed in a field of study plus placed in a field related to study divided by the number of graduates and completers minus those unavailable for work. Time Frame: July 1, 2009 through June 30, 2010.

**Programmatic Accreditor** - The formula is total placed divided by the total grads minus those continuing education. Time Frame: July 1, 2009 through June 30, 2010.

**State** - Commission on Independent Education calculation for placement rate: number of graduates placed divided by number of graduates less employed in military or continuing education. Time Frame: July 1, 2010 through June 30, 2011.

**Placement Rate N/A** - There is no data to disclose because this program is too new or is not required to be calculated.

**On-Time Completion N/A** - Per Education Department guidance, data not provided due to fewer than ten completers or program is too new.

**Median Load Debt N/A** - Per Education Department guidance, data not provided due to fewer than ten completers or program is too new.

**This Institution Includes:**

- Everest Institute, Kendall

## FLORIDA PHARMACY TECHNICIAN DISCLOSURE

This disclosure includes important information for students enrolling in Everest's Pharmacy Technician program. Pharmacy technicians are required to be registered with and be certified by the Florida Board of Pharmacy prior to obtaining employment as a pharmacy technician in the state of Florida. This disclosure provides information on registration requirements. Please review this information and be sure that you understand it. If you have any questions, please contact Everest or the Florida Board of Pharmacy for additional information. If you plan to seek employment in a state other than Florida, please contact that state's board of pharmacy, or equivalent agency, for any relevant licensure or registration requirements. The Pharmacy Technician program at Everest meets requirements as a recognized course of training by the Florida State Board of Pharmacy. In addition to state-mandated minimum requirements, Everest's Pharmacy Technician curriculum includes a variety of additional skills focused subjects, as well as coursework in Pharmacology.

Pharmacy Technicians must be registered with the Florida Board of Pharmacy. To gain registration a pharmacy technician must complete a training program approved by the Board of Pharmacy.

The board shall register each applicant who is at least 17 years of age, has completed a pharmacy technician training program approved by the Board of Pharmacy, completed the application form, and has remitted a registration fee set by the board at \$105. The fee is composed of the following: a non-refundable application processing fee of \$50; initial registration fee of \$50 and unlicensed activity fee of \$5.00. Checks are to be made payable to the "Department of Health" and applications will be reviewed within 30 days.

As a condition of biennial registration renewal, a registered pharmacy technician shall submit a \$55 renewal fee and complete 20 hours of continuing education courses approved by the board or the Accreditation Council for Pharmacy Education, of which 4 hours must be via live presentation and 2 hours must be related to the prevention of medication errors and pharmacy law. Additionally, for the first renewal of registration a registered pharmacy technician must complete 1 hour of continuing education on the topic of HIV/AIDS.

Applications must be completed online through the Florida Board of Pharmacy website: <http://www.doh.state.fl.us/mqa/pharmacy>.
