When you’re looking to make a change in your life, and for a school to help you reach your goal, look to Everest. We’re committed to helping you identify a new career direction by providing the training you need to succeed. We offer a supportive environment designed to help students excel. Our instructors and staff will be right there to help you every step of the way!

Discover the Everest Experience

- Hands-on learning
- Flexible schedules*
- Instructors with real-world experience
- Student financial planning and financial aid for those who qualify
- Career placement assistance
* Schedules vary by campus

Medical Assistant

Program Information
Medical assistants play an important and expanding role at physicians’ offices, clinics, surgical centers and other health care providers. As their responsibilities increase, the demand for skilled and qualified medical assistants grows as well. The Medical Assistant program helps students attain the knowledge and training needed to enter the health care field and deliver a high quality of patient care. You will learn to take vital signs, prepare patients for exams and procedures, maintain medical records and more, making you a valuable member of the medical team.

Program at a Glance
Our program provides instruction in the following essential areas:

- Administrative and Clinical Externship
- First Aid/CPR and Injury Prevention
- Human Anatomy, Physiology and Diseases of Major Body Systems
- In-Office Lab Tests
- Medical Insurance Processing
- Medical Terminology
- Medical Law, Ethics and Professionalism
- Medication Administration, Injections and Venipuncture
- Nutrition, Patient Care and Communication
- Office Administration and Emergency Preparedness

Specific program content may vary by campus, credential and course electives. For complete program details, please refer to the campus catalog.

What Are the Career Opportunities?
Graduates of this program may find entry-level career opportunities in the following areas:

- Doctors’ Offices
- Medical Centers
- Outpatient Medical Clinics
- Physicians’ Practices
- Surgical Centers

What’s the Career Demand?
Employment of medical assistants is expected to grow 34 percent from 2008 to 2018, much faster than the average for all occupations. As the health care industry expands because of technological advances in medicine and the growth and aging of the population, there will be an increased need for all health care workers. The increasing prevalence of certain conditions, such as obesity and diabetes, also will increase demand for health care services and medical assistants. Increasing use of medical assistants to allow doctors to care for more patients will further stimulate job growth.

Your local market data likely differs from these federal statistics.

Your own hard work, professionalism, experience, work attitude, local market and other factors will impact your personal employment opportunities and pay.
