What’s the Career Demand?
Employment of massage therapists is expected to increase by 19 percent from 2008 to 2018, faster than the average for all occupations. Employment will grow as more people learn about the benefits of massage therapy. Continued growth in the demand for massage services will lead to new openings for massage therapists. The number of spas, which employ a large number of therapists, has increased in recent years and will continue to do so.

Your local market data likely differs from these federal statistics.

Your own hard work, professionalism, experience, work attitude, local market and other factors will impact your personal employment opportunities and pay.
