Discover the Everest Experience

• Career placement assistance
• Flexible schedules*
• Hands-on learning
• Instructors with real-world experience
• Student financial planning and financial aid for those who qualify

*Schedules vary by campus

Medical Assistant

Program Information
Medical assistants play an important and expanding role at physicians’ offices, clinics, surgical centers and other health care providers. As their responsibilities increase, the demand for skilled and qualified medical assistants grows as well. The Medical Assistant program helps students attain the knowledge and training needed to enter the health care field and deliver a high quality of patient care. You will learn to take vital signs, prepare patients for exams and procedures, maintain medical records and more, making you a valuable member of the medical team.

Program at a Glance
Our program provides instruction in the following essential areas:

• Administrative and Clinical Externship
• First Aid/CPR and Injury Prevention
• Human Anatomy, Physiology and Diseases of Major Body Systems
• In-Office Lab Tests
• Medical Insurance Processing

• Medical Law, Ethics and Professionalism
• Medical Terminology
• Medication Administration, Injections and Venipuncture
• Nutrition, Patient Care and Communication
• Office Administration and Emergency Preparedness

Specific program content may vary by campus, credential and course electives. For complete program details, please refer to the campus catalog.

What Are the Career Opportunities?
Graduates of this program may find entry-level career opportunities in the following areas:

• Doctors’ Offices
• Medical Centers
• Outpatient Medical Clinics
• Physicians’ Practices
• Surgical Centers

What’s the Career Demand?
Employment of medical assistants is projected to grow 29 percent from 2012 to 2022, much faster than the average for all occupations. The growth of the aging baby-boom population will continue to spur demand for preventive medical services. As physicians’ practices expand, physicians will hire more assistants to perform routine administrative and clinical duties, allowing the physicians to see more patients.

Your local market data likely differs from these federal statistics.

Your own hard work, professionalism, experience, work attitude, local market and other factors will impact your personal employment opportunities and pay.
